TRIES TO DISCREDIT GOVERNMENT CASE

Defense In Gary Liquor Conspiracy
Trial Seeks To Prove That Evi-
dence Was False

ATTACKS UKMAN'S TESTIMONY

Ralph Stagnaich, Defendant, Says
Government Witness Sought To
Blackmail Law Violators

Well, He Couldn't—Exactly

Indianapolis, Ind., March 23.—Ralph Stagnaich, defendant in the Gary liquor conspiracy case, and Dan Rabaich own a hotel in partnership.

"Are you going back into partnership with Stagnaich after this trial," attorneys asked Dan who was testifying in the case.

"Mr. Rabaich cannot predict what Mr. Stagnaich will do after the trial is over," interrupted Federal Judge Geiger.

(By United Press)

Indianapolis, Ind., March 23.—Converted efforts to discredit testimony of Phillip Ukman, star government witness, were made by defendants in the Gary liquor conspiracy case today.

Attorneys for Mayor Roswell Johnson and other defendants sought to prove that Ukman was prepared to engage in a scheme for levying blackmail on liquor law violators.

In furtherance of their efforts, they introduced evidence that Ukman and Ralph Stagnaich, a defendant, and their wives made an automobile trip from Gary to Evansville for the purpose of finding places where the scheme could be worked out successfully. Ukman had denied this.

Success of the efforts would shatter the government's strongest evidence presented by Ukman in his testimony that he was beaten and whipped into unconsciousness by Prosecutor Dwight Kinder and other officials in the presence of Mayor Johnson because he refused to incriminate federal prohibition agents.

Stagnaich was the principal witness to shatter this testimony. Chief of Police William A. Forbes of Gary testified also. Forbes told

FOLLOWS HUSBAND IN DEATH IN SIXTY HOURS

Mrs. Mary N. Thompson Expires
Thursday Midnight 10 Hours Af-
F. M. Thompson's Funeral

BOTH ARE DUE TO PNEUMONIA

Folgin her husband in death within sixty hours, Mrs. Mary N. Thompson, widow of Francis M. Thompson, who died last Tuesday noon, passed away at her home in Milroy Thursday at midnight, at the age of seventy-seven years. Mr. Thompson was eighty-three years old when he died.

Mrs. Thompson's death was due to the same ailment as that which caused her husband's demise, pneumonia. Physicians ascribed her illness to lobar pneumonia, with which she was afflicted when Mr. Thompson succumbed. Her death occurred ten hours after the funeral of her husband, which was held at the Milroy Methodist Episcopal church Thursday afternoon at two o'clock, the services being conducted by the pastor, the Rev. R. R. Cross.

Mrs. Thompson is survived by two daughters, Mrs. Lee Wicker of this city and Miss Katherine, who lived with her parents in Milroy, and two sons, Lum and Grover Thompson, both residents of Anderson township.

The deceased also is survived by two sisters, Miss Julia Shoppelle of this county and Mrs. Jane Feester of Indianapolis. The services will be held Sunday afternoon at two o'clock at the M. E. church in Milroy, by the Rev. R. R. Cross, and burial will be made in the Milroy cemetery.

BOY SCOUTS TO TAKE HIKE

Will Cook Meals Without Any Cook-
ing Utensils Saturday

There will be a "Get Acquainted" Boy Scout hike Saturday, if the weather is favorable, D. R. Merrell, local Scout leader, announced today. Every new and old Scout is urged by Mr. Merrell to come out and get acquainted. He stated that new Scout games will be played and that the boys will cook their own meals without cooking utensils of any kind. The Scouts will meet at the Jackson school building at 8:45 Saturday morning.

Each Scout is requested by Mr. Merrell to take the following food: One-fourth pound of meat (weiners or steak most suitable); two bread and butter sandwiches; two raw potatoes or the equivalent if potatoes are not desired; fresh or dried fruit, and very little cake or candy if any. A good time on the hike is assured by Mr. Merrell.

GUARDIAN FOR MRS. M'DUGAL IS REFUSED

Arlington Woman Testifies She is
Satisfied With Her Lot and Peti-
tion is Denied

THREE SUITS ON NOTES FILED

The circuit court this morning was occupied with the petition of Mrs. Laura Wolverton, for a guardian for Mrs. Tena McDugal a resident of Arlington and widow of Erastus McDugal, and several witnesses were used, including the defendant. The court found for the defendant refusing a guardian.

The petitioner and other witnesses associated with the patriotic orders of Rushville, pertaining to the G. A. R. organization testified that, Mrs. McDugal was neglected in her care at the home of Elihu Price in Arlington, but the defendant stated that she was well cared for, and was satisfied, and the court decided the matter in her favor.

Three complaints were filed this morning, all being suits on notes. The Milroy Bank is plaintiff in one, and Nathan Harecourt, et al., are defendants, the demand being for \$215 judgment.

In the second complaint, Horace G. Whitman is plaintiff, and Charles M. Harecourt, et al., are defendants, the demand being for \$350 judgment. In the third complaint the Milroy Bank is plaintiff and Walter W. Harecourt, et al., are defendants, and \$175 is demanded on a note.

In all three instances, the defendants include Oliver Harecourt and his guardian, the Peoples Loan and Trust Company of Rushville.

FOUR BANDITS ESCAPE WITH \$40,000 IN CASH

Hold Up Assistant Cashier Of
Southern Illinois National Bank
At East St. Louis

ROBBED AT BRIDGE ENTRANCE

(By United Press)

East St. Louis, Ill., March 23.—Four armed bandits today held up Samuel D. Barber assistant cashier of the Southern Illinois National Bank of East St. Louis, and escaped with \$40,000 in currency.

Barber and his chauffeur, Fred K. Roger, were crossing the bridge across the Mississippi river on their return trip after drawing the money from the first National Bank in St. Louis.

As Kroger was about to drive his automobile off the bridge a large touring car pulled up alongside the bank automobile, crowding it to the curb. Two bandits leaped from the car, covered Barber and Kroger with revolvers and ordered them to drive under the east approach to the bridge. Their companions followed in the bandit car.

Stopping the two automobiles under the bridge the bandits seized the money satchel, Barber was holding between his knees.

CARTHAGE TO HAVE NEW SCHOOL HOUSE

Building In Use More Than 25 Years
Can Not Be Remodeled And
Must Be Torn Down

STATE HEALTH BOARD RULING

Ripley Township Officials Decide To
Issue Bonds In Sum Of \$78,000
For New Structure

A new consolidated grammar and high school building will be erected in Carthage for the Ripley township pupils this summer, according to a definite decision reached by township officials who have decided to sell bonds amounting to \$78,000 for the construction work.

The township advisory board was compelled to change their plans, at a meeting held Wednesday, as the original intentions were to remodel the present building, and build an annex on another lot, but the State Board of Health investigated the proposed improvement, and would not permit the present structure to be improved.

The plans had originally called for the tearing off of the second story of the present building, erected more than 25 years ago, and with remodeling it, but the plans have now been changed, and the present building, located in the east part of the town, will be torn down, and the bricks will be used to construct a new and modern building, although the \$78,000 to which the township is limited may not build as large a building as desired.

Remonstrators will have thirty days from March 29 to file a petition with Phil Wilk, county auditor, objecting to the bond issue, and if no remonstrances are filed, then the state tax board will order the completion of the building, and if ten remonstrators file a petition, then the state board will set a date for the hearing.

It is planned to begin razing the present building as soon as the school term is ended, and work on the new structure will start at once, although it cannot be completed in time for the fall term, and some provisions will have to be made to take care of the Ripley township pupils until the building can be finished.

TO SHOW "KING" WAS A POLITICAL POWER

Evidence To Prove Benjamin Purnell
Used Influence To Prevent
Probe Of House Of David

WROTE TO GOVERNOR OF STATE

(By United Press)

Grand Rapids, Mich., March 23.—Testimony intended to show King Benjamin Purnell, of the House of David, was a political power in Brennen county was offered today in the \$80,000 damage suit of John Hansel.

Walter M. Nelson, counsel for Hansel placed witnesses on the stand in an effort to prove that King Benjamin used political influence on a number of occasions to prevent threatening state and federal investigations of the Benton Harbor institution.

Mrs. Hazel Wuerth, recalled during last night's session of court, told of her experiences in the private offices of King Benjamin while a member of his cult. She told of seeing a tin bucket filled with gold coins, another filled with precious stones and of having been instructed to examine \$100,000 following a report that counterfeit bills were in circulation.

Mrs. Esther Hansel, wife of the plaintiff and former secretary to King Benjamin, testified that on one occasion she visited Woodbridge N. Ferris, former governor, regarding an investigation that threatened the institution. Later she said she wrote letters for Benjamin to Ferris inquiring whether any further steps were being taken to carry out the investigation and pleading for intervention.

SALVATION GREAT DUE TO ITS ORIGIN

Also Great Because It Meets Needs
of All Men, The Rev. H. W. Har-
gett Declares in Sermon

M. E. SERVICES TO CONTINUE

Three Special Meetings Scheduled
For Palm Sunday, Afternoon
Services Being for Men Only

There are many unanswerable questions in the Bible, the Rev. H. W. Hargett, pastor of the St. Paul's Methodist Episcopal church, pointed out in his sermon on "The Unanswerable Question" Thursday evening.

Special services will be held Sunday, as part of the series of meetings, which will continue throughout holy week up until Easter. The pastor will preach at the regular morning and evening services, and in the afternoon at three o'clock, when a special union meeting for men will be held. Special music will be provided by the choir at the morning and evening meetings and in the afternoon's union meeting, Gerald P. Bonney, singing evangelist at the First Presbyterian church, will be in charge.

One of the unanswerable questions in the Bible, the Rev. Mr. Hargett said in his sermon last night, is "For what is a man profited, if he shall gain the whole world and lose his own soul," Matthew 16:26. Another one cited was from Hebrew, 2:3, "How shall we escape, if we neglect so great salvation."

"Our salvation is great because of its origin," said the pastor, "great because it meets the needs of all men of every race, color and condition. It is from God. For God so loved the world that he gave his only begotten son, that whosoever believeth in Him should not perish, but have everlasting life."

"Our salvation is great because it reaches the height and depth of human nature. Christ did not bring salvation to men simply that it might be wrought into creeds and theologies, but that it might be translated into life. The church is more than a monument unto faith once delivered to the saints. It is the power house of the soul. The eternal truths of Almighty God will never be swept away."

"How many good people do not accept Christ? They are not interested in the church or its work. Do we live in a uni-verse or a duo-verse. We can't be in a uni-verse and neglect its laws. If we neglect our daily tasks, if we neglect laws of health, there will be degeneration instead of growth. If we neglect to plant and cultivate, we need not expect to reap."

"How shall we escape if we neglect?"

AGREE TO A JOINT PROTEST ON TRADE

Holland And Switzerland To Ob-
ject To Interference With Goods
Traffic By French Occupation

VATICAN IS SENDING ENVOY

London, March 23.—Holland and Switzerland have agreed to a joint protest to the international commission on Rhine navigation against interference with goods traffic on the Rhine by French occupation, according to the Morning Telegraph's diplomatic correspondent.

The correspondent also states the vatican is sending an envoy to the Ruhr.

Reports from Munich where Chancellor Cuno went to make a speech last night, say the chancellor's reception was the warmest accorded anyone since Hindenburg.

The Westminster Gazette's diplomatic correspondent says Great Britain and France have reached an agreement with regard to Ruhr trade which will prevent the possibility of British goods being taxed by both French and Germans.

PATERNITY CHARGE IS FILED

Jesse B. Garver, Washington Town-
ship Farmer, is Arrested

Jesse B. Garver, a farmer living in Washington township, was arrested Thursday afternoon in Justice Stech's court on a paternity charge, preferred by Marie Johnson of Jefferson county. The defendant was released on bond, and a hearing on the matter will be heard Saturday morning at ten o'clock.

Two other civil suits have been filed in this court. Dr. J. B. Kinsinger is plaintiff in one action against Curtha Wagner, the complaint being on an account for professional services, and with the demand for \$50. The case will be heard March 29, at 9 o'clock.

The same defendant also is sued by Lawrence L. Allen, the complaint being on a note, and with the demand for \$125 judgment. The court will hear the evidence on this complaint on the same day, and at ten o'clock.

SPEECH FREEDOM BASIS OF DEFENSE

Efforts Made in Trial of W. Z. Fos-
ter to Show Bridgeman Conven-
tion Didn't Promote Sabotage

HOLDS LAW CONSTITUTIONAL

Judge Charles E. White Over-Rules
Contention of Defense Counsel
Statute is Not Valid

(By United Press)

St. Joseph, Mich., March 23.—The right of free speech and free assembly today formed the basis of defense in the trial of Wm. Z. Foster, communist, charged with violation of the Michigan syndicalist law.

Efforts were made to show the Bridgeman convention, which resulted in the indictment of Foster and other leaders of the communist party, did not promote acts of sabotage or violence in order to obtain political and industrial reform.

Attorneys for Foster also sought to bring out their contention that federal agents who attended the meeting as "under cover" men, incited other delegates to take illegal action. Whether or not Foster will testify, was undecided.

The defense opened its case following a ruling by Judge Charles E. White that sufficient evidence had been presented by the prosecution to warrant sending the case to the jury. He over-ruled protests by Frank P. Walsh, attorney for Foster, that the Michigan syndicalist law was unconstitutional and that the Bridgeman convention was not in violation of that statute.

Judge White over-ruled Walsh's objections without requiring the state to answer. The court held that under recent Kansas decisions the law was constitutional.

O. A. Smith, attorney in charge of prosecution, at the close of the state's case said:

"The evidence we have presented should convince any jury that Foster is guilty."

"We have shown that he brought the Russian revolution to America. It must be squelched now."

"The best thing that Americans can do with these people is put them in prison."

"We have here the brains of the

WAYS TO BREAK ! FAMILY CIRCLE

The Rev. Gibson Wilson Refers to
Two in Sermon at First Presby-
terian Church Thursday Night

SPECIAL SUNDAY SERVICES

Women's Meeting at Presbyterian
Church and Men's Meeting at St.
Paul's Methodist Episcopal

"Neglect of your Bible and forgetting to pray are sure ways to break the family circle," the Rev. Gibson Wilson said Thursday evening at the First Presbyterian church, preaching at the pre-Easter services on the subject, "The Broken Family Circle."

He drew the moral for his sermon from two texts, the first of which was from Genesis, 46:8, "And these are the names of the children of Israel." The second was found in the book of revelation, 7:4, "And I heard the number of them which were sealed."

Sunday afternoon at three o'clock there will be a meeting for women in the First Presbyterian Church. Mrs. Gerald E. Bonney will have charge of the song service and address the women.

At the same hour in the St. Paul's Methodist Episcopal church there will be a men's "sing" in charge of Mr. Bonney. All men of the city who enjoy singing those good old gospel songs are wanted. The Rev. H. W. Hargett will address the men in a brief message.

The Rev. Mr. Wilson spoke in part as follows last night:

Between these two texts is a long stretch of years. There have been many struggles, victories defeats and shouts of triumphs.

About the first text gathers the history of Jacob. His life rapidly passes in review. We see him deceiving his brother, then passing through many hardships in which he suffers for his wrong doing. He has no peace with God until he is reconciled to his brother after the night of wrestling at the ford Jabbok.

In the second text we are standing in the presence of Jesus, of Galilee, the suffering Savior, the Man of God. Read the first chapter of the Book of Revelation if you want to see Him in His exalted grandeur.

Now the elders are falling on their faces and casting their crowns at His feet, saying "Thou art worthy to receive blessing and honor and dominion for thou wast slain."

The next scene is the sealing of the tribes. "And I heard the number of them that were sealed."

ACCEPTS CALL TO THE FIRST BAPTIST CHURCH

Rev. R. W. Sage, World War Vet-
eran and Pastor at Acton, Ind.,
is Coming to Rushville

IN MINISTRY ABOUT 10 YEARS

The Rev. R. W. Sage of Acton, Ind., has accepted the pastoral call of the First Baptist church in this city and will move here in the near future. The Rev. Mr. Sage has been pastor of the Baptist church in Acton for the past several years and has given unusual satisfaction there. He will succeed the Rev. Reno Tacoma, who left the first of March for Goodland, Ind., to be pastor of the church there, after having served as pastor of the local church for two years. The Rev. Mr. Sage is a world war veteran and has been in the ministry for about eight or ten years.

He intends moving to this city as soon as he finds a house and would like to get located during the first weeks of April. The Rev. Mr. and Mrs. Sage have visited in this city a number of times and the former has preached in the local church for two Sunday services, and the congregation was highly pleased with his sermons.

BRYAN GOES TO KANSAS TO FIND 1924 NOMINEE

More Than Ordinary Interest is Attached to Commoner's Boom For Will A. Ayers of Wichita

MEMBER OF NEW CONGRESS

Washington, March 23—William Jennings Bryan has gone to Kansas, the cradle of the dry movement, far from Wall street, to find an "unknown" but potential Democratic presidential nominee in 1924.

More than ordinary interest is attached to the Commoner's gentle boom for William A. Ayers of Wichita, Kansas, lawyer and member of the new congress, which reached here today. Ayers is described as a Wilson progressive, a pro-leaguer and an ardent dry.

Although there was no rush to clamor aboard the Ayres band wagon, Bryan's boom for the Kansan was regarded seriously. While never conspicuous, Ayers is not unknown in Washington, having served three terms in the house. A victim of the Republican landslide in 1920, he will be the only Kansas Democrat in the new congress. He was elected from the Balivick of former Governor Henry J. Allen by a majority of 16,000 last November.

Bryan gave his idea of the specifications of the Democratic nominee as a man who would be neither a tool of Wall street nor the wets. Bryan declared it was unimportant that he be well known. Thursday's issue of THE COMMONER—Bryan's mouthpiece—contains a signed editorial by Bryan booming Ayers as meeting his specifications.

TO RAISE BUILDING FUND

Franklin, March 21—Elmer E. Stevenson, vice president of the board of trustees of Franklin college, has been named chairman of the campaign committee of the board to have charge of the campaign to raise a \$750,000 fund for the erection of five new college buildings, it was announced today. Members of the committee are: Henry Eitel and Arthur Jordan, also of Indianapolis. Dr. Charles Goodell, president of the college will direct the campaign.

The ladies of the First Baptist church will hold an exchange Saturday March 31. The place will be announced later.

WAYS TO BREAK FAMILY CIRCLE

Continued from Page One

But your attention must be called to one very noticeable fact, namely that one man's name mentioned in this first account does not appear in this second account of the family of Jacob.

This roll call as given in the Book of Revelation reveals to us a broken family circle.

The name of Dan does not appear. We look for the reason and find that Dan and his tribe were all idolitrous. They had rejected Jehovah the God of Jacob.

Is that family circle to be broken in that day of final roll call because you are not to be there to answer to your name at roll call?

Doubt sometimes breaks that circle. Of course it is easier for you to mar a painting than to make it. You may easily defeat God's plan for you if you desire, but to whom would you go, if you turn away from Jesus?

Trials and sorrows sometimes are allowed to break the circle. But with an aching heart-longing for a friend who can help, to whom would you go

lect the salvation offered us?"

A children's chorus from Jackson school will assist in the music tonight and a special song service will be rendered by the choir, led by O. P. Wamsley. There will be a duet by the Beale sisters and a piano solo by Walter Keaton. The address will be delivered by Dr. John M. Walker of this city, district superintendent.

Mrs. Alfred Norris will sing a solo at the Palm Sunday morning service and a song service will be given by the choir, followed with a sermon by the pastor on the topic, "The Great Divide." At the Sunday evening service there will also be special music by the choir and a solo by Miss Glenn Ross, together with a sermon by the pastor on the subject, "The Haranites, the Most Popular Order in Rushville."

Next Thursday evening the Rev. S. L. Polovina, "Methodist Sam", will address the congregation.

To Live Stock Owners

If You Own Any Horses, Cattle, Poultry or Hogs, By All Means Read This.

Safeguard your stock against the costly ravages of quick spreading disease. Nature has provided wonderful health-giving roots and herbs which have proved unfailing in thousands of cases. These are combined in a time-tried, reliable remedy, Porter's Pain King—the standby of hundreds of farmers in this community. They recommend it highly for colic, sores, colds and distemper in horses and for soreness of the udder, caked teats, blot and scours in cattle.

It is a positive relief for diarrhea, cholera, roup, parasitic growths and bowel trouble in poultry. It will build up sick hogs and remedy cholera and indigestion.

Use Porter's Pain King at the slightest sign of trouble. Just follow the directions with each bottle. It may save you several hundred dollars. Your druggist guarantees satisfaction or money back.

Administrator's Sale of Real Estate

The undersigned, Administrator of the estate of Lou Scott, deceased, hereby gives notice that by virtue of an order of the Franklin Circuit Court, he will at the hour of 2:00 o'clock p. m., on

Friday, March 30, 1923

on the premises, offer for sale at public sale, all the interest of said decedent in and to the following described real estate, situate in the County of Franklin, in the State of Indiana, to-wit:

Thirty-nine and Seventy-five Hundredths (39.75) acres more or less, on the west side of a 79 1/2 acre tract which lies south of the Rushville and Brookville Road on the east side of the Northeast quarter of Section Fifteen (15), Township Twelve (12) Range Eleven (11) East.

Said sale will be made subject to the approval of said Court, for not less than two-thirds of the full appraised value of said real estate, and upon the following terms and conditions:

One-third of the purchase money, cash in hand, the balance in two equal installments, payable in not to exceed nine (9) and eighteen (18) months, evidenced by notes of the purchaser, bearing 6 per cent. interest from date, waiving relief, providing for attorneys' fees and secured by mortgage on the real estate sold. The purchaser, however, shall have the option of paying the entire amount of the purchase price, or any amount in excess of one-third in cash, if he so desires.

NEW CURE FOR PNEUMONIA

New York, March 23—A remarkable new cure for pneumonia has been discovered and found to be practical, according to an announcement today by doctors in St. Mary's hospital in Hoboken.

Known as the Diathermic treatment, it consists of placing metal plates on the chest and back of the patient and passing an electric current through the lungs. The temperature inside the lungs is so increased that the congestion is said to be broken up after a few treatments.

PURDUE SUMMER SCHOOL JUNE 14-15

To Be Further Extension Of Work
Covering An Offering Of 75
Courses In 20 Departments

TO GIVE TEACHER TRAINING

Schedule Planned That Each Course
Completed In Summer Session
Equal To One Semester

The preliminary announcement for the Summer Session of Purdue University for 1923, prepared by Director George L. Roberts, shows a further extension of the work covering an offering of about seventy-five courses in twenty of the departments of the University. The faculty of the Summer Session for the most part will consist of teachers selected from the regular University staff. Extra provision is made for the teacher-training which this year will take into account the new requirements as set up by the legislature which grew out of the Indiana Educational Survey. It includes the special training for vocational teaching as well as for secondary work.

Additional courses are offered in the regular academic and technical lines making the work of the Summer Session of interest to University students who desire to shorten the time necessary for graduation, or who have work which they desire to make up during the summer.

The schedule is so planned that each course completed in the Summer Session is the equivalent of a semester's work in that course in the regular session.

Abundant opportunity will be offered for social and other recreational activities. Special courses in coaching will be provided under the direction of Coaches Pheland and Clevert. The work in Physical Education will be under the direction of Mr. Clevert as heretofore.

The addition of the new Home Economics Building and the new Recitation Building to the material equipment of the University adds very much in improving the conditions under which the Summer Session will be administered.

The Summer Session bulletin containing the names of instructors, description of courses, and schedule of recitations has been published and will be sent those who request it.

**Mary Pickford Finds That Art
Interferes With The Box Office**

By ROBERT A. DONALDSON
(U. P. Staff Correspondent)

Los Angeles, March 22—Mary Pickford is going back to curls and "being gushed over by fat women."

Some weeks ago Mary announced that she had sidetracked her plans to star in "Dorothy Vernon of Haddon Hall", and would hereafter go in for "better things", and demonstrate to the world the real dramatic ability which her friends know she possesses.

She announced that her next picture would be "Faust", in which she would play the part of Marguerite. Arrangements were made with Famous Players Lasky to loan her Ernest Lubitch, noted German producer, to direct the picture. Her version was to follow older Faust legends, based partly on Christopher Marlowe's version, and folk lore accounts rather than the Goethe tale, or the opera.

Mary declared that she had been wanting to do bigger things, but that "the public simply wouldn't let her" because of its taste for "sugar".

But Mary has now sidetracked "Faust". The box-office has spoken, and Mary is going back to "Pollyanna stuff."

She will go forward with the filming of "Dorothy Vernon", as originally planned, and will postpone "Faust" until much later, she has announced. She will also begin work on "Rosita", an original story.

"As a matter of fact," said Mary, "I have merely decided to postpone 'Faust'. Each star, you see, has her own especial following, and it seems best after careful analysis, based on correspondence with those who are interested in my plays, as well as on a survey made through our various exchange offices, not to step suddenly out of the type of story the public has been associating me with into anything quite so dramatic as 'Faust'."

The "Faust" scenario was all prepared by Edward Knoblock, noted dramatist, in collaboration with Lubitch, when the men who keep

their ear to the box office reported that Mary would make a great deal less money out of it than she would out of an old-style "sugar" picture.

Mary hopes to make a step toward the transition in "Rosita", which will have settings rivaling those of Douglas Fairbanks' "Robin Hood", it is said. The story will be built against the historical background of the Fifteenth century in Spain, and Mary will play the part of a sweet little dancing girl. Lubitch will direct the picture.

Maurice Chevalier, at present the musical comedy rage of Paris, may be brought to Hollywood to take the part of the leading man to "Rosita", it is said.

Mary plans to "shoot" all the scenes of "Rosita" in which she appears with as much speed as possible, and then leave the rest to Lubitch to finish. She will then start on "Dorothy Vernon" under another director.

In "Dorothy Vernon" Mary will wear curls, and the box office hopes to have the usual continuous throng of "fat ladies" stuff themselves into seats and sigh and use their handkerchiefs.

Mary was one of the "big seven" movie stars who recently signed the "movie declaration of independence" for better and more artistic films.

**TRIES TO DISCREDIT
GOVERNMENT CASE**

Continued from Page One
of marking money with which to trap Ukman in the alleged blackmailing scheme.

Ukman admitted that the money was found on his person but said it was "planted" there after his arrest.

On cross-examination, the government drew forth an admission from Stagnaich that he had been denied citizenship because he had been convicted of violating the prohibition laws. During examination of Stagnaich, the register of the Hotel St. Joseph of Evansville was introduced

to show that Ukman and Stagnaich and their wives had made the trip.

Bit by bit, attorneys for Mayor Johnson and other defendants in the Gary liquor conspiracy case sought today to pick apart the damaging evidence of the government and refute it in detail.

Attempting to carry through that intention from the beginning of their case, they were interrupted by Federal Judge Geiger who questioned Nathan Potts, a police sergeant listed among defendants, and drew forth contradicting statements and an admission that part of the government's strongest evidence was true. Potts confessed that defendant officials of the Calumet region had assaulted Philip Ukman, star government witness and threatened him with death.

Ralph Stagnaich, proprietor of the Gary hotel, resumed the stand at the

opening of court. His testimony was made in a long rambling story frequently interrupted by the court and attorneys for both sides with a request that he come it to the question of at issue.

Although only one of the sixty-three defendants was dismissed on motion of District Attorney Elliott, it became known that the government does not believe it has a strong case against Lewis Barnes, a former sheriff. Barnes was mentioned only in indirect ways during the trial, but Elliott feels he has built a strong case around the other sixty-one defendants.

The Limit For Bootleggers

The wholesome example set by
Federal Judge Killits of Cleveland
in sending a bootlegger to the Atlan-
ta penitentiary for two years and
fining him \$10,000 which is the limit,
is one that might be followed by
courts generally, in order that the
bootlegging evil might be stamped
out.

The sentiment of people generally
is beginning to make itself felt in the
common desire to see the flagrant
disregard for the prohibition enforce-
ment law stamped out. It was ex-
pressed in the law enacted by the
last session of the Indiana general
assembly, which provides for a jail
sentence for the first offense against
the prohibition laws.

If the law-abiding people were
more familiar with the high cost of
liquor law enforcement, they might
be even more desirous of seeing the
most severe punishment given to men
who have no regard for the law
which says they shall not traffic in
intoxicating liquor.

It is estimated that the enforce-
ment of the prohibition laws this

tack of grip.

The "Watson Beauty Bunch" will
hold a business meeting tonight at
the home of Miss Mac Bobout in
North Morgan street. Arrangements
will be completed for the fair bunch
to march on Indianapolis April 1.

There they will occupy a prominent
position on the stage of the conven-
tion hall that they may be present
and see some of the effects of their
handiwork. Incidentally they will
occupy elegant quarters at the Clay-
pool hotel—while the sun is shining
—and will be treated to a victory
banquet in the cafe following the
convention. John A. Tittsworth, of
this city, will chaperon the crowd.

JOIE RAY RUNS TRUE

Contributes to His Yearly Records
and Many Older Contestants
Won't Give "Kids" Chance

By JACKSON V. SCHLOZ
(U. P. Staff Correspondent)
New York, March 23—The past indoor track season has been a series of strenuous events for the fan and it is not without a feeling of relief that he welcomes the short period of calm between seasons which will give him an opportunity to relax a bit and familiarize himself with some of the new records and new names appearing in the list of stars.

The former promises to be the more difficult task of the two because one of the most outstanding features of the past season is the fact that the burden of establishing the new records has been borne to a large extent, upon the shoulders of the old timers who refuse to hang up their shoes and give the kids a chance.

Joie Ray, of course, has been the big noise as usual, and in contributing even more than his yearly quota of new times, still reigns supreme among middle distance men despite his historic defeat at the hands of Willie Riola, the flying Finn, holder of the three mile indoor and outdoor record.

Ritola, by the way, is the most illustrious of the new comers and claims, without any argument, the most meteoric rise to fame of any of the latest athletic phenoms.

Loren Marchison is another who has been performing throughout the season at the top of his form and showed a distinct respect for his record in the sixty yard dash which he romanced to suit himself.

Jimmy Connolly is another of the veterans who refuses to give way to new talent and even when he hung up a new time in the two thirds mile, the man who pushed him to his limit was Ray Watson, an Olympic team mate.

The 70 yard record is at present 1 1-10 second faster than it was last year due to Harold Lever of Pennsylvania who is in his last year of collegiate competition and has for the last three years been one of the country's fastest for less than a hundred yards.

McGraw Wants to Set Record

By HENRY L. FARRELL
(United Press Sports Editor)
New York, March 23—With a nice country home, a comfortable fortune and everything that a man should want when he reaches the age for retirement, John McGraw continues the arduous duties of handling a champion ball club.

The "little Napoleon" of the diamond must be tired of sleeping cars, fed up on hotel food and hardened to the thrills and romances of the game. Twenty-five years of stiff going in an exacting game where it takes youth to hold out, ought to make a veteran of a man in heart and bone.

McGraw must have some reason for sticking at a grind that must be tiresome most of the time. He must have some ambition beyond the mere making of dollars.

He must be inspired by some great desire and from the change in his policies, it may be that "Mac" wants to have the name of McGraw perpetuated for all times and have himself recorded as the greatest of all baseball managers.

McGraw used to buy, but he is building now. He used to be one with

the attitude that today is the day and let tomorrow take care of itself. Now he is working both ends.

With just a few exceptions, the great Giant ball club which McGraw will star as a favorite in the 1923 pennant race came "ready-to-wear" off the market. It stands a great ball club this year and it is not at the cracking point, although the veterans outnumber the youngsters in the regular lineup.

McGraw apparently is working on the theory that his infield, the great combination that made the Yanks look sick in the last world's series, hasn't long to go and he is grooming another combination to step up when Grob, Baneroff and Kelley have to step down.

No other ball club has in the makings an infield to compare with McPhee, Princeton third baseman; Jackson, Little Rock shortstop; Fred Maguire, Holy Cross and baseman, and Jimmy O'Connell, St. Mary's first baseman, who is also a \$75,000 outfielder.

With three or four major league clubs, that infield would be regular workers but McGraw doesn't need them right now and all the time, with the strict personal direction that McGraw carries on, they will be learning as they sit on the bench.

DIXIE DUST

San Antonio—Two rookie pitchers, Walberg and Webb, let the San Antonio Texas league club down with five hits and the Giants won 18 to 5. Jimmy O'Connell got one single in three times up, scored three runs and accepted two chances in the field.

New Orleans—Babe Roth smacked out a homer but his side lost when Miller Huggins played two teams of Yank regulars and rookies. The Babe got his clout off Sam Jones and it was the only center he was found for in three innings.

Tampa, Fla.—Brooklyn scored its fourth straight win over major league clubs by beating Washington 9 to 4. Goslin hit a homer off the first ball pitched by Vines, a rookie.

Augusta, Ga.—Ty Cobb's Detroit Tigers won their first pre-season game yesterday, defeating Augusta 5-6.

Lakeland, Fla.—The Cleveland Indians schedule calls for a skirmish with the Goddards today. The third game with the Reds was Reds 4; Indians 3.

Leesburg, Fla.—Art Fletcher, new manager of the Phillies, is having trouble getting his pitchers into shape and today he ordered them to "show their stuff." The regulars trimmed the Yannigans again yesterday, 8-3.

Montgomery, Ala.—The Athletics journeyed to Prattville today to play two games with picked teams. Connie Mack was far from happy after his rejuvenated team was laid low by the Milwaukee Brewers yesterday 11-6.

Hot Springs, Ark.—Russell and Tierney knocked homers and E. M. stole home as the regulars defeated the Yannigans in the first Pirate practice game of the year, 8-4.

Seguin, Tex.—With Eddie Collins, king of second sackers, and Willie Kamm, the \$100,000 third baseman, in the line up for the first time this year, the Chicago White Sox were

ready for the renewal of their spring series with the New York Giants at San Antonio today.

Los Angeles—The Chicago Cubs arrived here today for a series of three games two with Vernon today and tomorrow and one with Los Angeles Sunday. The Cubs will not return to their spring base on Catalina Island but will continue their tour along the Pacific coast and east, arriving in Chicago in time for the opening of the National League.

SPORT CHATTER

New York.—Willie Hoppe retained the world's billiard championship by defeating Jake Shaeffer, 1500 to 1341. Hoppe won the final block, 500 to 347. Shaeffer scored a high run of 244. Hoppe's high run was 186.

Boston.—Increases in salary for all the players on the Boston Braves has been ordered by Emil Fuchs, one of the new owners. The meal allowance of the players was also increased to allow for tips to waiters.

New York.—Tex Rickard is ready to match Mike McGigue, New world's light heavyweight champion against Gene Tunney, American champion, Georges Carpentier or Harry Greb he announced.

New York.—"Tasks" Hardwick and Charley Baell, two of Harvard's greatest football stars may be secured to assist Percy Haughton in coaching the Columbia football team. Haughton will start spring work after Easter.

New York.—Gene Sarazen, world's golf champion, is making plans to sail on May 2 for England in quest of the British open championship, according to a letter received from a friend of his in California.

Kansas City.—Joie Ray and Ray Watson, I. A. C. fliers will meet in a special 1,500 metre race in the second annual Missouri valley conference indoor track meet here Saturday.

MILWAUKEE LEADS DOUBLES
Milwaukee, March 23.—The Recreation Five of Denver took seventh place in the American bowling congress tournament here last night with 2,862. The lead in the doubles went to F. Kolacke and J. Jacobs, Milwaukee who shot 1,295. No other changes were recorded.

LaPorte—Decd recorded by Adam Jankowski for a lot transferred to him by Stella Ozewski recites as consideration \$1 and "a promise to marry".

Decatur—A balance of \$3,457 was shown in the county dog fund after all losses for animals had been deducted.

WARN BOXERS TO DEFEND TITLES

Several Title Holder Aspire to Win

CHAIRMAN ISSUES WARNING

William Muldoon Sees Lynch,
Walker, Leonard and Others For
Not Taking on Matches

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, March 23—More noble champions will join Johnny Kilbane and Johnny Wilson in New York's pugilistic brig if they don't get out of hiding, William Muldoon, chairman of the boxing commission, said today.

"Joe Lynch, Mickey Walker, Benny Leonard and Gene Tunney are getting the commission mighty tired running around the no-decision circuit with hand picked set-ups. They'll all be set down soon if they don't show an inclination to do something in defense of their titles" Muldoon said.

"Gene Tunney is now talking about fighting Mike McGigue for the world's championship when he knows that such a bout could not be arranged for months if it could be brought about at all. Before Tunney goes after more titles he should attend to the one he possesses. He ought to give Tom Gibbons a chance and he may be forced to do it.

"Mickey Walker, the welterweight champion, talks of nothing but bouts out of his class. He has been trying to get Johnny Wilson back in good standing so he can fight him for the middleweight championship. Walker has Dave Shade, among others in his own class, but he seems to have forgotten it. If Walker insists upon a middleweight bout he ought to pass up Wilson and go after Joek Malone, who is now recognized as the champion. I don't think he will be interested in Malone, however.

"Benny Leonard, the actor, is another class fummer. When he gets through with his Broadway bouts, he talks of meeting Walker for the welterweight title. The commission will be much more interested in seeing the lightweight champion mingle in his own set with Lew Tendler or Sailor Friedman, both of whom would give him all he wants.

"Joe Lynch is perhaps the worst of all of offenders. He is not particular about meeting even first class set-ups. He will have to get busy soon and fight either Carl Tremaine, or Johnny Curtin. They are just as deserving of a chance to win the title as Joe Lynch who had three or four fine chances. He seems to have forgotten that."

Muldoon intimated that the Kilbane-Criqui fight will not be permitted in New York as Kilbane is under suspension, has no license and will not be given one.

MANY BEARS SETTLE ON PIGGY-WIGGLY STOCK

Brokers Say Those Who Refused To
Pay Price Will Fight Saunders'
Demands In Court

PRICE GOES UP \$100 A SHARE

New York, Mar. 23.—Many bears caught short when Clarence Saunders of Memphis Tenn., trapped them in their raid on Piggly-Wiggly stock, have settled on terms of the later at \$150 a share. E. W. Bradford, counsel here for Saunders, declared.

Brokers said that shorts who refused to pay that price would fight Saunders' demands in court. Bradford, in answer to this, asserted that the Memphis grocery magnate's ultimatum calling for \$250 a share on stock outstanding after 3 p. m., on stock outstanding after 3 p. m.

Saunders will come to New York and handle the situation personally, according to one report. This report said he would at that time also carry out plans that will keep him from being a victim of his own corner by stabilizing the stock.

"ONE TERRIBLE DAY"

Forty couples attended the dance given by the "Sod Busters" at the Woodman hall Tuesday evening. Music was furnished by the "Lucky Four" of this city. A most enjoyable time was had by all present.

A missionary society will be organized at the Pleasant Ridge M. E. church next Wednesday afternoon at two o'clock. Mrs. R. A. Ulrey, wife of the pastor, will have charge of the organization work and a special program is being arranged. All the ladies of the community are invited and urged to attend this meeting.

The Miami (Fla.) Daily Metropolis, in an issue published this week contained the following society item: Walter E. Smith, an attorney of Rushville, Ind., arrived Saturday from Ft. Lauderdale, where he has been visiting Thomas N. Stilwell. Mr. Smith will leave today for Winter Haven, where he will enjoy a fishing trip and be the guest of R. D. Tanksley of that city.

The King's Herald of the St. Paul's Methodist Episcopal church met at the home of Mrs. J. H. Scholl Thursday afternoon at four o'clock and enjoyed the following program: devotion by Miss Lucile Trapp; readings by various members of the society; piano solo, Walter Keaton; talk on "India." Refreshments were served after the program to thirty-three guests. Eight new members were added to the organization.

Mrs. William Knecht, Jr., and Mrs. John C. Walker entertained

Thursday evening at the home of the former in North Main street with a six o'clock dinner party honoring the birthday anniversaries of their husbands and the Misses Lucile Walters and Eulalie Wiley. The table decorations were beautiful, carrying out the spirit of Easter. Following the serving of the dinner the remainder of the evening was enjoyed with music and games.

The members of the Thursday Afternoon Bridge club were entertained this afternoon by Mrs. Louis Mauzy at her home in North Perkins street.

Miss Frances Beale, daughter of Mr. and Mrs. Fred Beale, and Miss Frances Payne, daughter of Mr. and Mrs. Ralph Payne, will take part in the dramatization program to be given at the Manual Training auditorium in Indianapolis, Saturday evening, in connection with the state music contest. Miss Beale will dance in costume "Old French Gazette" and "Amaryllis" and Miss Payne will dance two American compositions in costume, "Narcissus" and "To A Water Lily."

The W. R. C. Penny Social held an all day meeting at the home of Mrs. J. C. Gregg on Harrison street Thursday to celebrate the anniversary of the social. A pitch-in dinner was served at high noon to the fifty-one members and invited guests. The house was beautifully decorated in flags, bunting and flowers. In the center of the table was a bouquet of carnations and a birthday cake with thirty lighted

candles on it, presented by the president of the W. R. C., Olive Ketchum. The members came dressed in old-fashioned clothes, some being their great grandmother's and some their grand mother's. Some clothes worn was over a hundred years old. After dinner the meeting was called to order by the president, Alice Bainbridge, the president, Carah Giffin, being in California. Mrs. Bainbridge was chosen to act as president. During the meeting each member was called on to tell why they were glad they belonged to the W. R. C. and the Social, which was very interesting. Mrs. Mattie Worth, chairman of the program committee, presented an interesting program. The entertaining hostesses were Mrs. James Gregg, Mrs. Henry Gregg and Mrs. Virgil Bryant. Mrs. Ridenbaugh, who is spending the winter in California and who had a birthday March 27, was honored by each member writing a letter to her. The next social will be held at the home of Mrs. Olive Ketchum, 927 North Perkins street.

Flying Sparks Cause For Most Fires In Indiana Last Year

(By United Press)
Indianapolis, Ind., March 23.—More than seven billion dollars worth of property in Indiana went up in smoke last year, according to a report completed today by Newton T. Miller, state fire marshal.

Flying sparks caused the greatest number of blazes, the report said. Evansville led all cities in the great per capita loss from fire with \$41.42. The other ten ranking cities were: Frankfort \$27.61; Bluffton, \$14.31; Martinsville, \$11.66; Terre Haute, \$9.62; Greenfield, \$8.72; South Bend, \$6.57; Vincennes, \$6.32; Connersville, \$5.32; Bloomington \$4.95.

BRAVE TREACHEROUS FLOOD

Two Deputy Sheriffs Rescue Four Men From Missouri River

Sioux City, Ia., March 23.—Braving the treacherous waters in the flooded Missouri river on a raft, two deputy sheriffs today rescued four men marooned on Duncan Island.

A fifth man refused to leave the island, deciding to take his chances with the flood, threatening momentarily to inundate his place of refuge rather than attempt the perilous trip through the crashing ice gorges.

An ice jam five miles below the city backed up waters of the river to flood stage. Hundreds of spectators lined the Iowa side of the river watching the deputies with bated breath as they defied death in reaching the island.

SENT TO STATE PENAL FARM

Link Gruell Must Serve Term For Illegal Possession of Liquor

Judge Cecil Tague of the Franklin circuit court, who sentenced Link Gruell of this county Thursday on a charge of unlawful possession, committed the defendant to the state penal farm for he 30 days, instead of the county jail, as previously stated. The fine of \$100 and costs also was inflicted in the case. His brother, Charley Gruell, was granted a few days time in which to enter a plea, and was released on \$1,000 bond.

An automobile in which they were riding was confiscated by the authorities, but the disposition of it has not been learned. The custom in such cases is for the sheriff to place the machine on sale.

BIG FOUR SERVICE RESTORED

Service on this division of the Big Four railroad was resumed late Thursday, following a wreck in the early morning hours near Carthage, when 9 cars on a freight train were derailed. Automatic Refrigerators Save Foods

How You Can

- ~ Pay the Butcher less
- ~ Pay the Grocer less
- ~ Pay the Iceman less

You need to pay the grocer and the butcher less because your foods are always kept cold, always kept sweet and wholesome, in an Automatic Refrigerator. Foods do not spoil—there is no food waste.

The scientific system of air circulation PREVENTS foods from becoming "soft," or from "sweating," or from becoming mildewed or tainted.

You need to pay the ice man less because the Automatic has eight (8) walls of Insulation. Cold air cannot get OUT of the Automatic. Warm air cannot get IN.

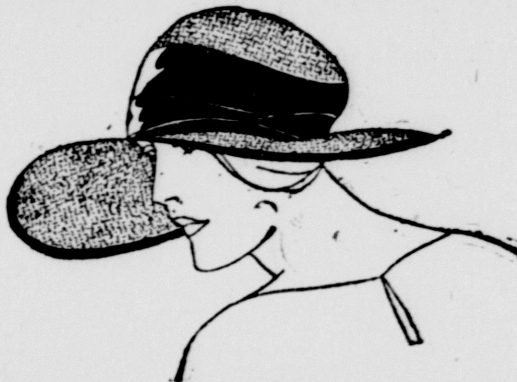

We are demonstrating the Automatic and the AUTOMATIC WATER COOLING SYSTEM at the store and invite you to call. See the refrigerator which costs no more, but does much more.

THE HOME GARDEN

MAKING A GOOD SEED BED

A sponge's capacity to take up water is largely dependent upon the size of the holes in it. A coarse sponge with holes as wide in diameter as the finger and many of them, will not hold as much moisture in suspension as will a sponge of the same size with fine pores and smaller orifices.

The soil acts as a sponge, holding moisture for the plants, and the finer the soil the more readily it holds moisture and the more moisture will it contain. Finely sifted and close packed, the tiny rootlet of the seedling comes in contact with its nourishment at once and starts rapid growth. If the soil is lumpy, with large interstices, a seed may send its first sprout but into space until it can reach more closely packed earth. The fine soil draws moisture from the bottom upward by capillary attraction, and the finer it is the more readily the moisture is drawn through the surface and the soil evenly moistened. In coarse, lumpy soil the water is not drawn up regularly from below.

For this reason it is necessary to take extra care to sift the soil for seed boxes, and for the top layer of the hotbed or cold frame. In order to prevent too rapid drying out, it is necessary to pack the fine soil firmly over the seeds.

The coarse screenings from the soil are useful to spread over the

bottom of the seed box to provide drainage. Over this the fine soil should be spread evenly and firmed down. The finer the soil and the more fertile it is the better the germination and quicker the growth of the little plants.

A great deal of seed is wasted, and many attempts at sowing seeds indoors prove failures at the very start because the soil is not properly prepared. Next to this is the failure to provide suitable drainage. The seed box must be built so that the soil will retain moisture, but will not remain water soaked and sour. Overwatering promotes a fungous disease known as "damping off" which causes the seedlings to rot off at the surface of the soil. This fungus often will ruin a box of seedlings before the grower knows what is happening. It can be obviated by providing drainage at the start.

FREIGHT TRANSFER POINT

Syracuse, March 23.—The Baltimore and Ohio Railroad company has designated Syracuse as a freight transfer point with the result that hundreds of carloads of freight sent out of Chicago will be brought here, unloaded and the consignments reloaded for their proper destinations. The employment of 20 men will be necessary to look after the work and a switch engine will be stationed at this point to move cars.

Boils Quit Quick!

Five miles south of Glenwood, 9 miles southeast of Rushville, 10 miles southwest of Connorsville, on Rush-Fayette county line.

THURSDAY, APRIL 5, 1923

SALE TO START AT 12:30 P. M.

Held under tent regardless of the weather

Twenty-two head of Brood Sows, Feb. and March, 1922, farrow; 15 head of Open Gilts; 50 head choice Feeders. About all of the bred sows will have pigs by side on day of sale and the open gilts ready to breed for early farrow. Our blood lines are the most prominent of the breed. They were big winners of 1922, being the General Wickware, Cherokee Lad, Lookout Lad and Messenger Boy families. We will have separate boxes lined with bur-lap for each litter of pigs, insuring perfect safety in moving. We still think the old Hampshire sow will show about as good a dividend as anything the farmer can invest in.

We appreciate your past business and invite you to be with us whether in the market or not.

SECURE BIG SWINE RETURNS

FEED ACME MINERAL TO CONDITION YOUR SOWS

In order to secure the greatest returns and to have a minimum of losses, constant care and attention is required from the time the pig is born until it is marketed. In fact, attention to the pig should begin before birth, and much can be accomplished through the feed and care of the pregnant sow.

Feed Acme Pig Meal to Grow Your Pigs. Feed Acme Pig Meal, equal to milk to wean your pigs successfully. It takes the place of the mother's milk, weans them with the sow at 8 weeks of age and prevents runts and setbacks so common at the weaning time and keeps them growing.

Five Million Dollars More for Taxes Than Dividends

INDUSTRY to live and be successful must earn sufficient money to compensate the three major factors who have investment interest in the enterprise.

First, the stockholder who has invested his savings in the business; second, the employee who has invested his time and talents; third, the people who have given property protection and the right to do business.

Ten years ago the Standard Oil Company, Inc. was dissolved under an order of the United States Supreme Court, and the Standard Oil Company (Indiana) became an independent organization, controlled by a Board of Directors elected by the stockholders.

In the ten years of its existence, as an independent organization, the Standard Oil Company (Indiana) has paid in wages the sum of 335 million dollars to the employees who have invested their time and talents in the service of the Company.

To the Federal, State, County and Municipal Governments, who have furnished property and police protection, the Standard Oil Company (Indiana) has paid in the form of taxes, approximately 79 million dollars in cash, while the stockholders whose thrift and enterprise have made the business possible have been paid cash dividends of 74 million dollars.

In a word the Company has paid, during the past ten years over 5 million dollars more in taxes than the stockholders have received as dividends.

These payments have been possible only because the management of the Standard Oil Company (Indiana) has conducted its business in a highly efficient and satisfactory manner, and has won public support through the sheer merit of the service the Company has rendered, and the superior quality of the goods it has made and sold.

In addition to these cash payments the Company has succeeded in accumulating an invested surplus which has enabled it to largely expand its activities and intensify the service it renders the public by meeting the insistent demands for petroleum products which have become indispensable to our social and economic welfare.

AMUSEMENTS

At The Mystic Today

Running down Bootleggers is no easy job, especially when they ply their traffic on the ocean and smuggle their illicit beverages to land in the dead of night. In the new Al Gilbert production, "The Bootleggers," which will be seen at the Mystic Theatre today, a young naval officer tried a new method of capture and got his man. He also got a wife for his pains.

"The Bootleggers" is one of the most thrilling photo-dramas ever shown and is a picture every one will want to see. The leading roles were enacted by a powerful cast, including Paul Panzer, famous serial star; Walter Miller, one of the screen's most popular young stars and Norma Shearer, now playing opposite Eugene O'Brien. The actors risked their lives many times and were subject to untold hardships.

The wrecking of the bootlegger ship in mid-ocean was a daring piece of work.

"The Bootleggers" is a clean picture, and can be enjoyed by the children as well as grown-ups.

At Princess Two Days

Katherine MacDonald's newest screen play to be released by Associated First National is "The Infidel," which will have its first showing in this city at the Princess Theatre today and will be seen again Saturday.

In this picture Miss MacDonald is presented as a young woman whose life has been such as to make her hate ministers and everything and everybody connected with the ministry, particularly the men and women missionaries who endeavor to carry the light to the heathen of the mysterious South Sea isles. The heroine's discovery of her years of wrong thinking, the new viewpoint as to the work of the missionaries and the development of the soul of the young girl and a heart-stirring romance, all combine to form an exceedingly unusual and interesting story that is supplemented by some scenes of geographic and photographic novelty, and at melodramatic climax that is said to be more than ordinarily full of thrills, even for the screen. "The Infidel," an original story by Charles A. Logue, was directed by James Young. Robert Ellis is Miss MacDonald's leading man.

OBITUARY

The Death Angel has again entered our midst and taken Mrs. Sara Skinner from the home of her daughter Mrs. Walter Offutt.

Sara Wilson was born in Scott Co. Ky., Sept. 16, 1839 and departed this life in Rushville Ind, March 17, 1923.

She was united in marriage to Silas Skinner in the year 1870. To this union were born three children two of whom are left, Mrs. Walter Offutt and Thos. Skinner. She is also survived by seven grandchildren and four great grandchildren, one daughter Mrs. Lucy True having preceded her to the great beyond.

Granny Skinner as she was called was of a quiet nature always thinking of the comfort of others. She was a member of the Christian Church at Porter Ky. She fell and broke her hip seven weeks before her death and was a great sufferer in all that time but ever tenderly cared for by her daughter. Though with sad hearts we laid her to rest in beautiful East Hill we trust in him who said "I am the resurrection and the life, he that believeth in me, though he were dead shall live again."

Why should we call it death
This calm sweet sleep of peace
When the tired head in slumber rests
And all of life's sorrows cease?
Tis but the drifting away from grief
Laying all burdens down
Setting aside the cross of care
To wear evermore his crown.
Sleep on and rest
At the close of earths weary day
Oh call it not death but life
This beautiful passing away.

MRS. AKELY GIVEN DIVORCE

Cruelty Was Charge Made Against
Big Game Hunter, Carl E. Akely

Chicago, March 23—Mrs. Carl E. Akely was granted a divorce from her big game hunter husband by Judge Walter Steffen here Thursday on grounds of cruelty. Akely is curator of the New York Museum of Natural History.

Mrs. Akely, testifying in support of her charges, told how on two occasions she had braved the wilds of

Africa to accompany her husband on perilous expeditions. On their return she testified, her husband employed methods used in handling jungle beasts in his treatment of her.

"He tied me to a bed post, turned on the gas and attempted to kill me" she declared.

The witness also told of instances in which her husband choked and slapped her and used abusive language. Alimony was set at \$225 a month. She testified her husband makes \$6,000 a year.

FROM WASHINGTON
Up to March 4th three women sat in the House of Representatives, now only one remains, Mrs. Nolan, of California, the other two were defeated when they ran for re-election. Left to right: Mrs. Winifred Mason Huck, of Illinois; Mrs. E. M. Nolan, Miss Alice Robertson, of Oklahoma.

Buying Sport Clothes

By HEDDA HOYT
Fashion Editor of the United Press
New York, N. Y.—March 23—Women who purchase their summer wardrobes ahead of time, find it safest to buy the sports costumes first, as these articles of apparel are less apt to suffer alteration with the constantly changing styles.

In considering the sports costume, we think at first of the separate skirt and the sweater. These are as popular this year as they have ever been and are indispensable to the summer wardrobe.

This year we find the pleated skirts far more popular than the plain two-piece ones and flannels are more popular than silks. Crepe de chenes and canton creps are still considered among the leaders and they are invariably knife pleated.

Women who prefer plain skirts are wearing camel's hair cloth in open-wrap models in colors tan, taupe, green, gray and white.

Plain white flannel and white flannel striped in colors and knife pleated and gathered into narrow belts at the waistline. Lately there has been some demand for the skirt whose waistband comes just above the hips. These are favored by the corsetless girls, who want no additional bulkiness about the normal waistline. Among the colored sports skirts are printed foulards, printed Paisley designs and printed batiks in knife pleats. Skirt lengths this year are neither long or short being from eight to ten inches from the floor or ground.

Various new models are shown in sweaters this season and the woman who "knits her own", will find beautiful ideas among the ready-mades which she can copy. The latest models are those blousing over a band at the hips. These are newer than the straight-lined models and are becoming to slender figures. Often they are ornamented with wool cross-stitching in contrasting colors about the rounded neckline, on the cuffs and in motif designs on the body portion.

Soft pastel shades such as fawn, grays, yellows, and blonde are more in demand than the colorful effects of last season and colorful cross-stitching is more effective on these light tones than on the more brilliant ones. Egyptian colors such as reds, yellows, black, blues, green and gray are generally used for embroidery on sports wear this year. Often diamond-shaped monograms combine all of these colors.

V-shaped necks are used on many of the new slip-ons and they are bound in silk, to assure firmness. Sweaters with designs stenciled in colors are seen in many shops. Candy-stick stripes are featured in the youthful slip-ons, as well as the open-work stripes. Sleeves are long and tight fitting on most models.

Where embroidery is used about the neckline and on the cuffs, collar and cuff sets are not required. Ecrú scrim collar and cuff sets are worked in cross-stitched design in colors harmonizing with the sweater.

White sweaters embroidered in brilliant red on pockets, wristbands, neckline and monogram are new and well thought of among the Palm

Beach set. Yellow is another favored color for the knitted jacket or sweater.

Smart women at the winter resorts are wearing the printed bandana wound tightly about the neck with the two ends passing through jeweled rings at the throat and hanging down over the corsage to the waistline, where they are tucked into the skirt band.

This treatment is usually worn with the jacket suit and blouse. Most women prefer the bandana of chiffon or georgette to those of crepe de chene as they are softer and easier to manage.

The Best Medicine For Women

When Mr. Myers of Winston-Salem, North Carolina, stepped into the drug store and asked his druggist for the best medicine he had in his store for woman's ills, is it any wonder he was handed a bottle of Lydia E. Pinkham's Vegetable Compound? Mrs. L. K. Myers in writing of it says: "I had been weak, run down and had a pain in my left side for a long time, so I could not do my work. Lydia E. Pinkham's Vegetable Compound helped me in a short time so I was able to do all of my housework including washing and ironing, and now I feel fine all the time." As Lydia E. Pinkham's Vegetable Compound holds the record for benefiting 98 women out of every 100 women who take it, it will pay every suffering woman to try it.

Every spoonful of Kellogg's Bran helps free you from toxic poisons!

Constipation is largely responsible for auto-intoxication that leads to dangerous diseases unless it is not only checked but permanently relieved. Constipation, in fact, is the basis of a majority of human ailments which could be headed off if people would only help rid themselves of this serious, health-undermining condition, which can be easily done.

Constipation must be fought to a finish—not with pills and cathartics, which are dangerous to the delicate membranes of the intestines and temporary at best—but with nature's greatest cereal health food—Bran—Kellogg's Bran, which is as delicious as it is beneficial.

Kellogg's Bran is wonderful in its work because it is ALL BRAN. And, to get permanent relief, ALL BRAN

is a necessity, for it is the "bulk" of Kellogg's Bran that sweeps and purifies, ridding the system of poisons and bringing conditions to normal. Eat Kellogg's Bran regularly—at least two table-spoonfuls daily; as much with each meal in chronic cases—and you guarantee that you will get relief permanently and naturally.

Kellogg's Bran is delicious. You do not have to learn to like it. Eat it as a cereal or sprinkle on or mix with hot or cold cereals. Or, cook it with hot cereals, allowing two table-spoonfuls for each person. Kellogg's makes wonderful muffins, griddle cakes, raisin bread, macaroons, etc. Recipes on package.

Leading hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

TRIES TO DISCREDIT GOVERNMENT CASE

Defense In Gary Liquor Conspiracy
Trial Seeks To Prove That Evi-
dence Was False

ATTACKS UKMAN'S TESTIMONY

Ralph Stagnaich, Defendant, Says
Government Witness Sought To
Blackmail Law Violators

Well, He Couldn't—Exactly

Indianapolis, Ind., March 23.—Ralph Stagnaich, defendant in the Gary liquor conspiracy case, and Dan Rabaich own a hotel in partnership.

"Are you going back into partnership with Stagnaich after this trial," attorneys asked Dan who was testifying in the case.

"Mr. Rabaich cannot predict what Mr. Stagnaich will do after the trial is over," interrupted Federal Judge Geiger.

(By United Press)

Indianapolis, Ind., March 23.—Concerted efforts to discredit testimony of Phillip Ukman, star government witness, were made by defendants in the Gary liquor conspiracy case today.

Attorneys for Mayor Roswell Johnson and other defendants sought to prove that Ukman was prepared to engage in a scheme for levying blackmail on liquor law violators.

In furtherance of their efforts, they introduced evidence that Ukman and Ralph Stagnaich, a defendant, and their wives made an automobile trip from Gary to Evansville for the purpose of finding places where the scheme could be worked out successfully. Ukman had denied this.

Success of the efforts would shatter the government's strongest evidence presented by Ukman in his testimony that he was beaten and whipped into unconsciousness by Prosecutor Dwight Kinder and other officials in the presence of Mayor Johnson because he refused to incriminate federal prohibition agents. Stagnaich was the principal witness to shatter this testimony. Chief of Police William A. Forbis of Gary testified also. Forbis told Continued on Page Three

FOLLOWS HUSBAND IN DEATH IN SIXTY HOURS

Mrs. Mary N. Thompson Expires
Thursday Midnight 10 Hours Af-
ter F. M. Thompson's Funeral

BOTH ARE DUE TO PNEUMONIA

Follogin her husband in death within sixty hours, Mrs. Mary N. Thompson, widow of Francis M. Thompson, who died last Tuesday noon, passed away at her home in Milroy Thursday at midnight, at the age of seventy-seven years. Mr. Thompson was eighty-three years old when he died.

Mrs. Thompson's death was due to the same ailment as that which caused her husband's demise, pneumonia. Physicians ascribed her illness to lobar pneumonia, with which she was afflicted when Mr. Thompson succumbed. Her death occurred ten hours after the funeral of her husband, which was held at the Milroy Methodist Episcopal church Thursday afternoon at two o'clock, the services being conducted by the pastor, the Rev. R. R. Cross.

Mrs. Thompson is survived by two daughters, Mrs. Lee Wicker of this city and Miss Katherine, who lived with her parents in Milroy, and two sons, Luan and Grover Thompson, both residents of Anderson township.

The deceased also is survived by two sisters, Miss Julia Shoppelle of this county and Mrs. Jane Feester of Indianapolis. The services will be held Sunday afternoon at two o'clock at the M. E. church in Milroy, by the Rev. R. R. Cross, and burial will be made in the Milroy cemetery.

BOY SCOUTS TO TAKE HIKE

Will Cook Meals Without Any Cook-
ing Utensils Saturday

There will be a "Get Acquainted" Boy Scout hike Saturday, if the weather is favorable. D. R. Merrell, local Scout leader, announced today. Every new and old Scout is urged by Mr. Merrell to come out and get acquainted. He stated that new Scout games will be played and that the boys will cook their own meals without cooking utensils of any kind. The Scouts will meet at the Jackson school building at 8:45 Saturday morning.

Each Scout is requested by Mr. Merrell to take the following food: One-fourth pound of meat (weiners or steak most suitable); two bread and butter sandwiches; two raw potatoes or the equivalent if potatoes are not desired; fresh or dried fruit, and very little cake or candy if any. A good time on the hike is assured by Mr. Merrell.

GUARDIAN FOR MRS. M'DUGAL IS REFUSED

Arlington Woman Testifies She is
Satisfied With Her Lot and Peti-
tion is Denied

THREE SUITS ON NOTES FILED

The circuit court this morning was occupied with the petition of Mrs. Laura Wolverton, for a guardian for Mrs. Tena McDugal a resident of Arlington and widow of Erastus McDugal, and several witnesses were used, including the defendant. The court found for the defendant refusing a guardian.

The petitioner and other witnesses associated with the patriotic orders of Rushville, pertaining to the G. A. R. organization testified that, Mrs. McDugal was neglected in her care at the home of Elihu Price in Arlington, but the defendant stated that she was well cared for, and was satisfied, and the court decided the matter in her favor.

Three complaints were filed this morning, all being suits on notes. The Milroy Bank is plaintiff in one, and Nathan Harcourt, et al., are defendants, the demand being for \$215 judgment.

In the second complaint, Horace G. Whiteman is plaintiff, and Charles M. Harcourt, et al., are defendants, the demand being for \$350 judgment. In the third complaint the Milroy Bank is plaintiff and Walter W. Harcourt, et al., are defendants, and \$175 is demanded on a note.

In all three instances, the defendants include Oliver Harcourt and his guardian, the Peoples Loan and Trust Company of Rushville.

FOUR BANDITS ESCAPE WITH \$40,000 IN CASH

Hold Up Assistant Cashier Of
Southern Illinois National Bank
At East St. Louis

ROBBED AT BRIDGE ENTRANCE

(By United Press)

East St. Louis, Ill., March 23.—Four armed bandits today held up Samuel D. Barber assistant cashier of the Southern Illinois National Bank of East St. Louis, and escaped with \$40,000 in currency.

Barber and his chauffeur, Fred K. Roger, were crossing the bridge across the Mississippi river on their return trip after drawing the money from the first National Bank in St. Louis.

As Kroger was about to drive his automobile off the bridge a large touring car pulled up alongside the bank automobile, crowding it to the curb. Two bandits leaped from the car, covered Barber and Kroger with revolvers and ordered them to drive under the east approach to the bridge. Their companions followed in the bandit car.

Stopping the two automobiles under the bridge the bandits seized the money satchel, Barber was holding between his knees.

CARTHAGE TO HAVE NEW SCHOOL HOUSE

Building In Use More Than 25 Years
Can Not Be Remodeled And
Must Be Torn Down

STATE HEALTH BOARD RULING

Ripley Township Officials Decide To
Issue Bonds In Sum Of \$78,000
For New Structure

A new consolidated grammar and high school building will be erected in Carthage for the Ripley township pupils this summer, according to a definite decision reached by township officials who have decided to sell bonds amounting to \$78,000 for the construction work.

The township advisory board was compelled to change their plans, at a meeting held Wednesday, as the original intentions were to remodel the present building, and build an annex on another lot, but the State Board of Health investigated the proposed improvement, and would not permit the present structure to be improved.

The plans had originally called for the tearing off of the second story of the present building, erected more than 25 years ago, and with remodeling it, but the plans have now been changed, and the present building, located in the east part of the town, will be torn down, and the bricks will be used to construct a new and modern building, although the \$78,000 to which the township is limited may not build as large a building as desired.

Remonstrators will have thirty days from March 29 to file a petition with Phil Wilk, county auditor, objecting to the bond issue, and if no remonstrances are filed, then the state tax board will order the completion of the building, and if ten remonstrators file a petition, then the state board will set a date for the hearing.

It is planned to begin razing the present building as soon as the school term is ended, and work on the new structure will start at once, although it cannot be completed in time for the fall term, and some provisions will have to be made to take care of the Ripley township pupils until the building can be finished. TO SHOW "KING" WAS A POLITICAL POWER

Evidence To Prove Benjamin Pur-
nell Used Influence To Prevent
Probe Of House Of David

WROTE TO GOVERNOR OF STATE

(By United Press)

Grand Rapids, Mich., March 23.—Testimony intended to show King Benjamin Purnell, of the House of David, was a political power in Brennen county was offered today in the \$80,000 damage suit of John Hansel.

Walter M. Nelson, counsel for Hansel placed witnesses on the stand in an effort to prove that King Benjamin used political influence on a number of occasions to prevent threatening state and federal investigations of the Benton Harbor institution.

Mrs. Hazel Wuerth, recalled during last night's session of court, told of her experiences in the private offices of King Benjamin while a member of his cult. She told of seeing a tin bucket filled with gold coins, another filled with precious stones and of having been instructed to examine \$100,000 following a report that counterfeit bills were in circulation.

Mrs. Esther Hansel, wife of the plaintiff and former secretary to King Benjamin, testified that on one occasion she visited Woodbridge N. Ferris, former governor, regarding an investigation that threatened the institution. Later she said she wrote letters for Benjamin to Ferris inquiring whether any further steps were being taken to carry out the investigation and pleading for intervention.

SALVATION GREAT DUE TO ITS ORIGIN

Also Great Because It Meets Needs
of All Men, The Rev. H. W. Har-
gett Declares in Sermon

M. E. SERVICES TO CONTINUE

Three Special Meetings Scheduled
For Palm Sunday, Afternoon
Services Being for Men Only

There are many unanswerable questions in the Bible, the Rev. H. W. Hargett, pastor of the St. Paul's Methodist Episcopal church, pointed out in his sermon on "The Unanswerable Question" Thursday evening.

Special services will be held Sunday, as part of the series of meetings, which will continue throughout holy week up until Easter. The pastor will preach at the regular morning and evening services, and in the afternoon at three o'clock, when a special union meeting for men will be held. Special music will be provided by the choir at the morning and evening meetings and in the afternoon's union meeting, Gerald P. Bonney, singing evangelist at the First Presbyterian church, will be in charge.

One of the unanswerable questions in the Bible, the Rev. Mr. Hargett said in his sermon last night, is "For what is a man profited, if he shall gain the whole world and lose his own soul," Matthew 16:26. Another one cited was from Hebrew, 2:3, "How shall we escape, if we neglect so great salvation."

"Our salvation is great because of its origin," said the pastor, "great because it meets the needs of all men of every race, color and condition. It is from God. For God so loved the world that he gave his only begotten son, that whosoever believeth in Him should not perish, but have everlasting life."

"Our salvation is great because it reaches the height and depth of human nature. Christ did not bring salvation to men simply that it might be wrought into creeds and theologies, but that it might be translated into life. The church is more than a monument unto faith once delivered to the saints. It is the power house of the soul. The eternal truths of Almighty God will never be swept away.

"How many good people do not accept Christ? They are not interested in the church or its work. Do we live in a uni-verse or a duo-verse. We can't be in a uni-verse and neglect its laws. If we neglect our daily tasks, if we neglect laws of health, there will be degeneration instead of growth. If we neglect to plant and cultivate, we need not expect to reap.

"How shall we escape if we neglect?" (Continued on Page Two)

AGREE TO A JOINT PROTEST ON TRADE

Holland And Switzerland To Ob-
ject To Interference With Goods
Traffic By French Occupation

VATICAN IS SENDING ENVOY

London, March 23.—Holland and Switzerland have agreed to a joint protest to the international commission on Rhine navigation against interference with goods traffic on the Rhine by French occupation, according to the Morning Telegraph's diplomatic correspondent.

The correspondent also states the vatican is sending an envoy to the Ruhr.

Reports from Munich where Chancellor Cuno went to make a speech last night, say the chancellor's reception was the warmest accorded anyone since Hindenburg.

The Westminster Gazette's diplomatic correspondent says Great Britain and France have reached an agreement with regard to Ruhr trade which will prevent the possibility of British goods being taxed by both French and Germans.

PATERNITY CHARGE IS FILED

Jesse B. Garver, Washington Town-
ship Farmer, is Arrested

Jesse B. Garver, a farmer living in Washington township, was arrested Thursday afternoon in Justice Stech's court on a paternity charge, preferred by Marie Johnson of Jefferson county. The defendant was released on bond, and a hearing on the matter will be heard Saturday morning at ten o'clock.

Two other civil suits have been filed in this court. Dr. J. B. Kinsinger is plaintiff in one action against Curtha Wagner, the complaint being on an account for professional services, and with the demand for \$50. The case will be heard March 29, at 9 o'clock.

The same defendant also is sued by Lawrence L. Allen, the complaint being on a note, and with the demand for \$125 judgment. The court will hear the evidence on this complaint on the same day, and at ten o'clock.

SPEECH FREEDOM BASIS OF DEFENSE

Efforts Made in Trial of W. Z. Fos-
ter to Show Bridgeman Conven-
tion Didn't Promote Sabotage

HOLDS LAW CONSTITUTIONAL

Judge Charles E. White Over-Rules
Contention of Defense Counsel
Statute is Not Valid

(By United Press)

St. Joseph, Mich., March 23.—The right of free speech and free assembly today formed the basis of defense in the trial of Wm. Z. Foster, communist, charged with violation of the Michigan syndicalist law.

Efforts were made to show the Bridgeman convention, which resulted in the indictment of Foster and other leaders of the communist party, did not promote acts of sabotage or violence in order to obtain political and industrial reform.

Attorneys for Foster also sought to bring out their contention that federal agents who attended the meeting as "under cover" men, incited other delegates to take illegal action. Whether or not Foster will testify, was undecided.

The defense opened its case following a ruling by Judge Charles E. White that sufficient evidence had been presented by the prosecution to warrant sending the case to the jury. He over-ruled protests by Frank P. Walsh, attorney for Foster, that the Michigan syndicalist law was unconstitutional and that the Bridgeman convention was not in violation of that statute.

Judge White over-ruled Walsh's objections without requiring the state to answer. The court held that under recent Kansas decisions the law was constitutional.

O. A. Smith, attorney in charge of prosecution, at the close of the state's case said:

"The evidence we have presented should convince any jury that Foster is guilty.

"We have shown that he brought the Russian revolution to America. It must be squelched now.

"The best thing that Americans can do with these people is put them in prison.

"We have here the brains of the (Continued on Page 6)

WAYS TO BREAK FAMILY CIRCLE

The Rev. Gibson Wilson Refers to
Two in Sermon at First Presby-
terian Church Thursday Night

SPECIAL SUNDAY SERVICES

Women's Meeting at Presbyterian
Church and Men's Meeting at St.
Paul's Methodist Episcopal

"Neglect of your Bible and forgetting to pray are sure ways to break the family circle," the Rev. Gibson Wilson said Thursday evening at the First Presbyterian church, preaching at the pre-Easter services on the subject, "The Broken Family Circle."

He drew the moral for his sermon from two texts, the first of which was from Genesis, 46:8, "And these are the names of the children of Israel." The second was found in the book of revelation, 7:4, "And I heard the number of them which were sealed."

Sunday-afternoon at three o'clock there will be a meeting for women in the First Presbyterian Church. Mrs. Gerald E. Bonney will have charge of the song service and address the women.

At the same hour in the St. Paul's Methodist Episcopal church there will be a men's "sing" in charge of Mr. Bonney. All men of the city who enjoy singing those good old gospel songs are wanted. The Rev. H. W. Hargett will address the men in a brief message.

The Rev. Mr. Wilson spoke in part as follows last night:

Between these two texts is a long stretch of years. There have been many struggles, victories, defeats and shouts of triumphs.

About the first text gathers the history of Jacob. His life rapidly passes in review. We see him deceiving his brother, then passing through many hardships in which he suffers for his wrong doing. He has no peace with God until he is reconciled to his brother after the night of wrestling at the ford Jabbok.

In the second text we are standing in the presence of Jesus, of Galilee, the suffering Savior, the Man of God. Read the first chapter of the Book of Revelation if you want to see Him in His exalted grandeur.

Now the elders are falling on their faces and casting their crowns at His feet, saying "Thou art worthy to receive blessing and honor and dominion for thou wast slain."

The next scene is the sealing of the tribes. "And I heard the number of them that were sealed."

ACCEPTS CALL TO THE FIRST BAPTIST CHURCH

Rev. R. W. Sage, World War Vet-
eran and Pastor at Acton, Ind.,
is Coming to Rushville

IN MINISTRY ABOUT 10 YEARS

The Rev. R. W. Sage of Acton, Ind., has accepted the pastoral call of the First Baptist church in this city and will move here in the near future. The Rev. Mr. Sage has been pastor of the Baptist church in Acton for the past several years, and has given unusual satisfaction there. He will succeed the Rev. Reno Taboma, who left the First of March for Goodland, Ind., to be pastor of the church there, after having served as pastor of the local church for two years. The Rev. Mr. Sage is a world war veteran and has been in the ministry for about eight or ten years.

He intends moving to this city as soon as he finds a house and would like to get located during the first weeks of April. The Rev. Mr. and Mrs. Sage have visited in this city a number of times and the former has preached in the local church for two Sunday services, and the congregation was highly pleased with his sermons.

BRYAN GOES TO KANSAS TO FIND 1924 NOMINEE

More Than Ordinary Interest is Attached to Commoner's Boom For Will A. Ayers of Wichita

MEMBER OF NEW CONGRESS

Washington, March 23—William Jennings Bryan has gone to Kansas, the cradle of the dry movement, far from Wall street, to find an "unknown" but potential Democratic presidential nominee in 1924.

More than ordinary interest is attached to the Commoner's gentle boom for William A. Ayers of Wichita, Kansas, lawyer and member of the new congress, which reached here today. Ayers is described as a Wilson progressive, a pro-leaguer and an ardent dry.

Although there was no rush to clamor aboard the Ayres band wagon, Bryan's boom for the Kansan was regarded seriously. While never conspicuous, Ayers is not unknown in Washington, having served three terms in the house. A victim of the Republican landslide in 1920, he will be the only Kansas Democrat in the new congress. He was elected from the Balivick of former Governor Henry J. Allen by a majority of 16,000 last November.

Bryan gave his idea of the specifications of the Democratic nominee as a man who would be neither a tool of Wall street nor the wets. Bryan declared it was unimportant that he be well known. Thursday's issue of THE COMMONER—Bryan's mouthpiece—contains a signed editorial by Bryan booming Ayers as meeting his specifications.

TO RAISE BUILDING FUND

Franklin, March 21—Elmer E. Stevenson, vice president of the board of trustees of Franklin college, has been named chairman of the campaign committee of the board to have charge of the campaign to raise a \$750,000 fund for the erection of five new college buildings, it was announced today. Members of the committee are: Henry Eitel and Arthur Jordan, also of Indianapolis. Dr. Charles Goodell, president of the college will direct the campaign.

The ladies of the First Baptist church will hold an exchange Saturday March 31. The place will be announced later.

WAYS TO BREAK

FAMILY CIRCLE

Continued from Page One
But your attention must be called to one very noticeable fact, namely that one man's name mentioned in the first account does not appear in this second account of the family of Jacob.

This roll call as given in the Book of Revelation reveals to us a broken family circle.

The name of Dan does not appear. We look for the reason and find that Dan and his tribe were all idolatrous. They had rejected Jehovah the God of Jacob.

Is that family circle to be broken in that day of final roll call because you are not to be there to answer to your name at roll call?

Doubt sometimes breaks that circle. Of course it is easier for you to mar a painting than to make it. You may easily defeat God's plan for you if you desire, but to whom would you go, if you turn away from Jesus?

Trials and sorrows sometimes are allowed to break the circle. But with an aching heart longing for a friend who can help, to whom would you go

NEW CURE FOR PNEUMONIA

New York, March 23—A remarkable new cure for pneumonia has been discovered and found to be practical, according to an announcement today by doctors in St. Mary's hospital in Hoboken.

Known as the Diathermic treatment, it consists of placing metal plates on the chest and back of the patient and passing an electric current through the lungs. The temperature inside the lungs is so increased that the congestion is said to be broken up after a few treatments.

If I Could Clean Hats—

HATS; straw and felt, will get dirty. Despite all precautions, they do need cleaning once in a while. The average man doesn't care to bother with this work.

If I could clean hats I'd tell the 11,000 readers which the Daily Republican has about it. I'd tell them HOW I could clean them. I'd tell them of the service they'd get. I'd give them an idea of my prices and tell them where they could reach me.

In other words, if I could clean hats, I'd advertise that fact in the Want Ads of The Daily Republican.

PURDUE SUMMER SCHOOL JUNE 14-15

To Be Further Extension Of Work Covering An Offering Of 75 Courses In 20 Departments

TO GIVE TEACHER TRAINING

Schedule Planned That Each Course Completed In Summer Session Equal To One Semester

The preliminary announcement for the Summer Session of Purdue University for 1923, prepared by Director George L. Roberts, shows a further extension of the work covering an offering of about seventy-five courses in twenty of the departments of the University. The faculty of the Summer Session for the most part will consist of teachers selected from the regular University staff. Extra provision is made for the teacher-training which this year will take into account the new requirements as set up by the legislature which grew out of the Indiana Educational Survey. It includes the special training for vocational teaching as well as for secondary work.

Additional courses are offered in the regular academic and technical lines making the work of the Summer Session of interest to University students who desire to shorten the time necessary for graduation, or who have work which they desire to make up during the summer.

The schedule is so planned that each course completed in the Summer Session is the equivalent of a semester's work in that course in the regular session.

Abundant opportunity will be offered for social and other recreational activities. Special courses in coaching will be provided under the direction of Coaches Pheland and Cleveff. The work in Physical Education will be under the direction of Mr. Cleveff as heretofore.

The addition of the new Home Economics Building and the new Recitation Building to the material equipment of the University adds very much in improving the conditions under which the Summer Session will be administered.

The Summer Session bulletin containing the names of instructors, description of courses, and schedule of recitations has been published and will be sent those who request it.

Mary Pickford Finds That Art Interferes With The Box Office

By ROBERT A. DONALDSON
(U. P. Staff Correspondent)

Los Angeles, March 23—Mary Pickford is going back to curls and "being gushed over by fat women."

Some weeks ago Mary announced that she had sidetracked her plans to star in "Dorothy Vernon of Haddon Hall", and would hereafter go in for "better things", and demonstrate to the world the real dramatic ability which her friends know she possesses.

She announced that her next picture would be "Faust", in which she would play the part of Marguerite. Arrangements were made with Famous Players Lasky to loan her Ernest Lubitch, noted German producer, to direct the picture. Her version was to follow older Faust legends, based partly on Christopher Marlowe's version, and folk lore accounts rather than the Goethe tale, or the opera.

Mary declared that she had been wanting to do bigger things, but that "the public simply wouldn't let her" because of its taste for "sugar."

But Mary has now sidetracked "Faust". The box-office has spoken, and Mary is going back to "Pollyanna stuff."

She will go forward with the filming of "Dorothy Vernon", as originally planned, and will postpone "Faust" until much later, she has announced. She will also begin work on "Rosita", an original story.

"As a matter of fact," said Mary, "I have merely decided to postpone 'Faust'. Each star, you see, has her own especial following, and it seems best after careful analysis, based on correspondence with those who are interested in my plays, as well as on a survey made through our various exchange offices, not to step suddenly out of the type of story the public has been associating me with into anything quite so dramatic as 'Faust'."

The "Faust" scenario was all prepared by Edward Knoblock, noted dramatist, in collaboration with Lubitch, when the men who "keep

their ear to the box office" reported that Mary would make a great deal less money out of it than she would out of an old-style "sugar" picture.

Mary hopes to make a step toward the transition in "Rosita", which will have settings rivaling those of Douglas Fairbanks' "Robin Hood", it is said. The story will be built against the historical background of the Fifteenth century in Spain, and Mary will play the part of a sweet little dancing girl. Lubitch will direct the picture.

Maurice Chevalier, at present the musical comedy rage of Paris, may be brought to Hollywood to take the part of the leading man to "Rosita", it is said.

Mary plans to "shoot" all the scenes of "Rosita" in which she appears with as much speed as possible, and then leave the rest to Lubitch to finish. She will then start on "Dorothy Vernon" under another director.

In "Dorothy Vernon" Mary will wear curls, and the box office hopes to have the usual continuous throng of "fat ladies" stuff themselves into seats and sigh and use their handkerchiefs.

Mary was one of the "big seven" movie stars who recently signed the "movie declaration of independence" for better and more artistic films.

TRIES TO DISCREDIT GOVERNMENT CASE

Continued from Page One

of marking money, with which to trap Ukman in the alleged blackmailing scheme.

Ukman admitted that the money was found on his person but said it was "planted" there after his arrest.

On cross-examination, the government drew forth an admission from Stagnaich that he had been denied citizenship because he had been convicted of violating the prohibition laws. During examination of Stagnaich, the register of the Hotel St. Joseph of Evansville was introduced

to show that Ukman and Stagnaich and their wives had made the trip.

Bit by bit, attorneys for Mayor Johnson and other defendants in the Gary liquor conspiracy case sought today to pick apart the damaging evidence of the government and refute it in detail.

Attempting to carry through that intention from the beginning of their case, they were interrupted by Federal Judge Geiger who questioned Nathan Potts, a police sergeant listed among defendants, and drew forth contradicting statements and an admission that part of the government's strongest evidence was true. Potts confessed that defendant officials of the Calumet region had assaulted Philip Ukman, star government witness and threatened him with death.

Ralph Stagnaich, proprietor of the Gary hotel, resumed the stand at the

opening of court. His testimony was made in a long rambling story frequently interrupted by the court and attorneys for both sides with a request that he come to the question of at issue.

Although only one of the sixty-three defendants was dismissed on motion of District Attorney Elliott, it became known that the government does not believe it has a strong case against Lewis Barnes, a former sheriff. Barnes was mentioned only in indirect ways during the trial, but Elliott feels he has built a strong case around the other sixty-one defendants.

GREATEST IN THE KING-
DOM: Whosoever therefore shall

The Limit For Bootleggers

The wholesome example set by
Federal Judge Killits of Cleveland
in sending a bootlegger to the Atlan-
ta penitentiary for two years and
fining him \$10,000 which is the limit,
is one that might be followed by
courts generally, in order that the
bootlegging evil might be stamped
out.The sentiment of people generally
is beginning to make itself felt in
the common desire to see the flagrant
disregard for the prohibition enforce-
ment law stamped out. It was ex-
pressed in the law enacted by the
last session of the Indiana general
assembly, which provides for a jail
sentence for the first offense against
the prohibition laws.If the law-abiding people were
more familiar with the high cost of
liquor law enforcement, they might
be even more desirous of seeing the
most severe punishment given to men
who have no regard for the law
which says they shall not traffic in
intoxicating liquor.It is estimated that the enforce-
ment of the prohibition laws thisyear will cost the nation thirty mil-
lion dollars, half of it federal ex-
pense and the other half for state
activities. This is a bill that should
make America think. Their thoughts
should not turn to the old license
system, which made more human
wreckage than it ever produced in
government revenue, if the compari-
son is possible, but to the need of
a sound public opinion which will
bring about proper enforcement of
the prohibition laws.Perhaps if the person who fosters
the illicit trade in liquor—included
among whom are many of our so-
called good citizens—realized that
he not only pays exorbitantly for
his liquor, but pays a second time
for his drinks in taxes, he would not
be so anxious to foster the bootleg-
ging business.The federal judge at Cleveland, in
giving the liquor trafficker the limit
under the law, also touched on a
common practice among attorneys
who make a practice of representing
guilty bootleggers and fight for an
acquittal or suspended sentence to
justify their collection of a fee."I have no respect for an attorney
who will come into this court and
plead his client not guilty, when he
knows that client is guilty," Judge
Killits said. "It disgusts me to listen
to a lawyer plead for mercy for his
client after he has been convicted,
plead for mercy on the ground that
he has no money, when the attorney
has already collected all the money
he can get from him.""It is a despicable practice—a
practice that aggravates the court,
wastes time and wastes this down-
trodden government's money. I will
have no mercy for a violator who
pleads not guilty and is found to
have violated the law after being
tried by a jury. I will give the limit
to all such bootleggers in the fu-
ture."

Another Speed Record

The other day in Los Angeles Cliff
Durant broke the automobile speed
record by driving a car several miles
at the rate of 118 miles an hour.Perhaps a normal comment on
that statement would be, "What of
it?"Speed records have ceased to
thrill. Everybody knows that a mo-
tor car can go fast—faster than a
locomotive. But everybody knows,
too, that a motor car cannot go so
fast as an airplane, by a long shot.For great speed, when speed is
useful, people take to the air now-
adays, and will do so, more and
more. Speed on the ground happens
to be more thrilling, because the
speeder and the spectators are more
conscious of the motion and because
it is more dangerous.Motor racing formerly served a
useful purpose in the development of
the automobile. It has become a
frenzied sport, somewhat more dan-
gerous than bull fighting and hardly
more useful.Nobody would have any business
going 118 miles an hour, or half
that fast, on any public road, and no
sensible person would want to do it.
What is wanted now is not fast cars
but cars made as safe and durable
as possible. There is still room for
progress there.All men have the same religion when
they are starving.The highest ambition of a majority of men is to get
something for nothing.In allotting children nature seems to give the poor
more than they can afford.A common reason for failure is spreading yourself
thin over too much ground.Common sense and plain work have more to do with
success than all other things put together.Congress should make it compulsory for tall people
with thick necks to occupy seats in the rear of the house.

OLD TIMERS STILL HOLD ON RECORDS

Indoor Track Followers Sometime
Find Trouble in Figuring Out Re-

JOIE RAY RUNS TRUE

Contributes to His Yearly Records
and Many Older Contestants
Won't Give "Kids" Chance

By JACKSON V. SCHLOZ
(U. P. Staff Correspondent)
New York, March 23—The past indoor track season has been a series of strenuous events for the fan and it is not without a feeling of relief that he welcomes the short period of calm between seasons which will give him an opportunity to relax a bit and familiarize himself with some of the new records and new names appearing in the list of stars.

The former promises to be the more difficult task of the two because one of the most outstanding features of the past season is the fact that the burden of establishing the new records has been borne to a large extent, upon the shoulders of the old timers who refuse to hang up their shoes and give the kids a chance.

Joie Ray, of course, has been the big noise as usual, and in contributing even more than his yearly quota of new times, still reigns supreme among middle distance men despite his historic defeat at the hands of Willie Riola, the flying Finn, holder of the three mile indoor and outdoor record.

Ritola, by the way, is the most illustrious of the new comers and claims, without any argument, the most meteoric rise to fame of any of the latest athletic phenoms.

Loren Murchison is another who has been performing throughout the season at the top of his form and showed a distinct respect for his record in the sixty yard dash which he romped to suit himself.

Jimmy Connolly is another of the veterans who refuses to give way to new talent and even when he hung up a new time in the two thirds mile, the man who pushed him to his limit was Ray Watson, an Olympic team mate.

The 70 yard record is at present 1 1-10 second faster than it was last year due to Harold Lever of Pennsylvania who is in his last year of collegiate competition and has for the last three years been one of the country's fastest for less than a hundred yards.

McGraw Wants to Set Record

By HENRY L. FARRELL
(United Press Sports Editor)
New York, March 23—With a nice country home, a comfortable fortune and everything that a man should want when he reaches the age for retirement, John McGraw continues the arduous duties of handling a champion ball club.

The "Little Napoleon" of the diamond must be tired of sleeping cars, fed up on hotel food and hardened to the thrills and romances of the game. Twenty-five years of stiff going in an exciting game where it takes youth to hold out, ought to make a veteran of a man in heart and bone.

McGraw must have some reason for sticking at a grind that must be tiresome most of the time. He must have some ambition beyond the mere making of dollars.

He must be inspired by some great desire and from the change in his policies, it may be that "Mac" wants to have the name of McGraw perpetuated for all times and have himself recorded as the greatest of all baseball managers.

McGraw used to buy, but he is building now. He used to be one with

the attitude that today is the day and let tomorrow take care of itself. Now he is working both ends.

With just a few exceptions, the great Giant ball club which McGraw will star as a favorite in the 1923 pennant race came "ready-to-wear" off the market. It stands a great ball club this year and it is not at the cracking point, although the veterans outnumber the youngsters in the regular lineup.

McGraw apparently is working on the theory that his infield, the great combination that made the Yanks look sick in the last world's series, hasn't long to go and he is grooming another combination to step up when Groh, Baneroff and Kelley have to step down.

No other ball club has in the makings an infield to compare with McPhee, Princeton third baseman; Jackson, Little Rock shortstop; Fred Maguire, Holy Cross second baseman, and Jimmy O'Connell, St. Mary's first baseman, who is also a \$75,000 outfielder.

With three, or four major league clubs, that infield would be regular workers but McGraw doesn't need them right now and all the time, with the strict personal direction that McGraw carries on, they will be learning as they sit on the bench.

DIXIE DUST

San Antonio—Two rookie pitchers, Walberg and Webb, let the San Antonio Texas league club down with five hits and the Giants won 15 to 5. Jimmy O'Connell got one single in three times up, scored three runs and accepted two chances in the field.

New Orleans—Bahe Ruth smacked out a homer but his side lost when Miller Huggins played two teams of Yank regulars and rookies. The Babe got his clout off Sam Jones and it was the only counter he was found for in three innings.

Tampa, Fla.—Brooklyn scored its fourth straight win over major league clubs by beating Washington 9 to 4. Goslin hit a homer off the first ball pitched by Vines, a rookie.

Augusta, Ga.—Ty Cobb's Detroit Tigers won their first pre-season game yesterday, defeating Augusta 5-6.

Lakeland, Fla.—The Cleveland Indians schedule calls for a skirmish with the Goddards today. The third game with the Reds was Reds 4; Indians 3.

Leesburg, Fla.—Art Fletcher, new manager of the Phillies, is having trouble getting his pitchers into shape and today he ordered them to "show their stuff." The regulars trimmed the Yannigans again yesterday, 8-3.

Montgomery, Ala.—The Athletics journeyed to Prattville today to play two games with picked teams. Connie Mack was far from happy after his rejuvenated team was laid low by the Milwaukee Brewers yesterday 11-6.

Hot Springs, Ark.—Russell and Tierney knocked homers and E. M. stole home as the regulars defeated the Yannigans in the first Pirate practice game of the year, 8-4.

Seguin, Tex.—With Eddie Collins, king of second suckers, and Willie Kahan, the \$100,000 third baseman, in the line up for the first time this year, the Chicago White Sox were

ready for the renewal of their spring series with the New York Giants at San Antonio today.

Los Angeles—The Chicago Cubs arrived here today for a series of three games two with Vernon today and tomorrow and one with Los Angeles Sunday. The Cubs will not return to their spring base on Catalina Island but will continue their tour along the Pacific coast and east, arriving in Chicago in time for the opening of the National League.

SPORT CHATTER

New York.—Willie Hoppe returned the world's billiard championship by defeating Jake Shaeffer, 1500 to 1341. Hoppe won the final block, 500 to 347. Shaeffer scored a high run of 244.5 Hoppe's high run was 186.

Boston.—Increases in salary for all the players on the Boston Braves has been ordered by Emil Fuchs, one of the new owners. The meal allowance of the players was also increased to allow for tips to waiters.

New York.—Tex Rickard is ready to match Mike McTigue, New worlds light heavyweight champion against Gene Tunney, American champion, Georges Carpentier or Harry Greb he announced.

New York.—"Tacks" Hardwick and Charley Baell, two of Harvard's greatest football stars may be secured to assist Percy Houghton in coaching the Columbia football team. Houghton will start spring work after Easter.

New York.—Gene Sarazen, world's golf champion, is making plans to sail on May 2 for England in quest of the British open championship, according to a letter received from a friend of his in California.

Kansas City.—Joie Ray and Ray Watson, I. A. C. fliers will meet in a special 1,500 metre race in the second annual Missouri valley conference indoor track meet here Saturday.

MILWAUKEE LEADS DOUBLES

Milwaukee, March 23.—The Recreation Five of Denver took seventh place in the American bowling congress tournament here last night with 2,862. The lead in the doubles went to F. Kolacke and J. Jacobs, Milwaukee who shot 1,295. No other changes were recorded.

LaPorte—Deed recorded by Adam Jankowski for a lot transferred to him by Stella Gizevski recites as consideration \$1 and "a promise to marry".

Decatur—A balance of \$3,457 was shown in the county dog fund after all losses for animals had been deducted.

CHAIRMAN ISSUES WARNING

William Muldoon Scores Lynch,
Walker, Leonard and Others For
Not Taking on Matches

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, March 23—More noble champions will join Johnny Kilbane and Johnny Wilson in New York's pugilistic brig if they don't get out of hiding, William Muldoon, chairman of the boxing commission, said today.

"Joe Lynch, Mickey Walker, Benny Leonard and Gene Tunney are getting the commission mighty tired running around the no-decision circuit with hand picked set-ups. They'll all be set down soon if they don't show an inclination to do something in defense of their titles," Muldoon said.

"Gene Tunney is now talking about fighting Mike McTigue for the world's championship when he knows that such a bout could not be arranged for months if it could be brought about at all. Before Tunney goes after more titles he should attend to the one he possesses. He ought to give Tom Gibbons a chance and he may be forced to do it.

"Mickey Walker, the welterweight champion, talks of nothing but bouts out of his class. He has been trying to get Johnny Wilson back in good standing so he can fight him for the middleweight championship. Walker has Dave Shade, among others in his own class, but he seems to have forgotten it. If Walker insists upon a middleweight bout he ought to pass up Wilson and go after Jack Malone, who is now recognized as the champion. I don't think he will be interested in Malone, however.

"Benny Leonard, the actor, is another class fumer. When he gets through with his Broadway bouts, he talks of meeting Walker for the welterweight title. The commission will be much more interested in seeing the lightweight champion mingle in his own set with Lew Tindler or Sailor Friedman, both of whom would give him all he wants.

"Joe Lynch is perhaps the worst of all offenders. He is not particular about meeting even first class set-ups. He will have to get busy soon and fight either Carl Tremaine, or Johnny Curtin. They are just as deserving of a chance to win the title as Joe Lynch who had three or four fine chances. He seems to have forgotten that."

Muldoon intimated that the Kilbane-Criquet fight will not be permitted in New York as Kilbane is under suspension, has no license and will not be given one.

MANY BEARS SETTLE ON PIGGLY-WIGGLY STOCK

Brokers Say Those Who Refused To
Pay Price Will Fight Saunders'
Demands In Court

PRICE GOES UP \$100 A SHARE

New York, Mar., 23.—Many bears caught short when Clarence Saunders of Memphis Tenn., trapped them in their raid on Piggly-Wiggly stock, have settled on terms of the later at \$150 a share, E. W. Bradford, counsel here for Saunders, declared.

Brokers said that shorts who refused to pay that price would fight Saunders' demands in court. Bradford, in answer to this, asserted that the Memphis grocery magnate's ultimatum calling for \$250 a share on stock outstanding after 3 p. m., on stock outstanding after 3 p. m., Saunders will come to New York and handle the situation personally, according to one report. This report said he would at that time also carry out plans that will keep him from being a victim of his own corner by stabilizing the stock.

Forty couples attended the dance given by the "Sod Busters" at the Woodman hall Tuesday evening. Music was furnished by the "Lucky Four" of this city. A most enjoyable time was had by all present.

A missionary society will be organized at the Pleasant Ridge M. E. church next Wednesday afternoon at two o'clock. Mrs. R. A. Wiley, wife of the pastor, will have charge of the organization work and a special program is being arranged. All the ladies of the community are invited and urged to attend this meeting.

The Miami (Fla.) Daily Metropolis, in an issue published this week contained the following society item: Walter E. Smith, an attorney of Rushville, Ind., arrived Saturday from Ft. Lauderdale, where he has been visiting Thomas N. Stilwell. Mr. Smith will leave today for Winter Haven, where he will enjoy a fishing trip and be the guest of R. D. Tanksley of that city.

The King's Herald of the St. Paul's Methodist Episcopal church met at the home of Mrs. J. H. Scholl Thursday afternoon at four o'clock and enjoyed the following program: devotion by Miss Lucile Trapp; readings by various members of the society; piano solo, Walter Keaton; talk on "India." Refreshments were served after the program to thirty-three guests. Eight new members were added to the organization.

Mrs. William Knecht, Jr., and Mrs. John C. Walker entertained

Thursday evening at the home of the former in North Main street with a six o'clock dinner party honoring the birthday anniversaries of their husbands and the Misses Lucile Walters and Eulalie Wiley. The table decorations were beautiful, carrying out the spirit of Easter. Following the serving of the dinner the remainder of the evening was enjoyed with music and games.

The members of the Thursday Afternoon Bridge club were entertained this afternoon by Mrs. Louis Mauzy at her home in North Perkins street.

Miss Frances Beale, daughter of Mr. and Mrs. Fred Beale, and Miss Frances Payne, daughter of Mr. and Mrs. Ralph Payne, will take part in the dramatization program to be given at the Manual Training auditorium in Indianapolis, Saturday evening, in connection with the state music contest. Miss Beale will dance in costume "Old French Gazette" and "Amaryllis" and Miss Payne will dance two American compositions in costume, "Narcissus" and "To A Water Lily."

The W. R. C. Penny Social held an all day meeting at the home of Mrs. J. C. Gregg on Harrison street Thursday to celebrate the anniversary of the social. A pitch-in dinner was served at high noon to the fifty-one members and invited guests. The house was beautifully decorated in flags, bunting and flowers. In the center of the table was a bouquet of carnations and a birthday cake with thirty lighted

candles on it, presented by the president of the W. R. C., Olive Ketchum. The members came dressed in old-fashioned clothes, some being their great grandmother's and some their grand mother's. Some clothes worn was over a hundred years old. After dinner the meeting was called to order by the president, Alice Bainbridge, the president, Carah Guffin, being in California. Mrs. Bainbridge was chosen to act as president. During the meeting each member was called on to tell why they were glad they belonged to the W. R. C. and the Social, which was very interesting. Mrs. Mattie Worth, chairman of the program committee, presented an interesting program. The entertaining hostesses were Mrs. James Gregg, Mrs. Henry Gregg and Mrs. Virgil Bryant. Mrs. Ridenbaugh, who is spending the winter in California and who had a birthday March 27, was honored by each member writing a letter to her. The next social will be held at the home of Mrs. Olive Ketchum, 927 North Perkins street.

Flying Sparks Cause For Most Fires In Indiana Last Year

(By United Press)
Indianapolis, Ind., March 23.—More than seven billion dollars worth of property in Indiana went up in smoke last year, according to a report completed today by Newton T. Miller, state fire marshal.

Flying sparks caused the greatest number of blazes, the report said. Evansville led all cities in the great per capita loss from fire with \$41.42. The other ten ranking cities were: Frankfort \$27.61; Bluffton, \$14.31; Martinsville, \$11.66; Terre Haute, \$9.62; Greenfield, \$8.72; South Bend, \$6.57; Vincennes, \$6.32; Connersville, \$5.32; Bloomington \$4.95.

BRAVE TREACHEROUS FLOOD

Two Deputy Sheriffs Rescue Four Men From Missouri River

Siox City, Ia., March 23.—Braving the treacherous waters in the flooded Missouri river on a raft, two deputy sheriffs today rescued four men marooned on Duncan Island.

A fifth man refused to leave the island, deciding to take his chances with the flood, threatening momentarily to inundate his place of refuge rather than attempt the perilous trip through the crashing ice gorges.

An ice jam five miles below the city backed up waters of the river to flood stage. Hundreds of spectators lined the Iowa side of the river watching the deputies with bated breath as they defied death in reaching the island.

SENT TO STATE PENAL FARM

Link Gruell Must Serve Term For Illegal Possession of Liquor

Judge Cecil Tague of the Franklin circuit court, who sentenced Link Gruell of this county Thursday on a charge of unlawful possession, committed the defendant to the state penal farm for he 30 days, instead of the county jail, as previously stated. The fine of \$100 and costs also was inflicted in the case. His brother, Charley Gruell, was granted a few days time in which to enter a plea, and was released on \$1,000 bond.

An automobile in which they were riding was confiscated by the authorities, but the disposition of it has not been learned. The custom in such cases is for the sheriff to place the machine on sale.

BIG FOUR SERVICE RESTORED

Service on this division of the Big Four railroad was resumed late Thursday, following a wreck in the early morning hours near Carthage, when 9 cars on a freight train were derailed. Automatic Refrigerators Save Foods

How You Can

~ Pay the Butcher less
~ Pay the Grocer less
~ Pay the Iceman less

You need to pay the grocer and the butcher less because your foods are always kept cold, always kept sweet and wholesome, in an Automatic Refrigerator. Foods do not spoil—there is no food waste.

The scientific system of air circulation PREVENTS foods from becoming "soft," or from "sweating," or from becoming mildewed or tainted.

You need to pay the ice man less because the Automatic has eight (8) walls of insulation. Cold air cannot get OUT of the Automatic. Warm air cannot get IN.

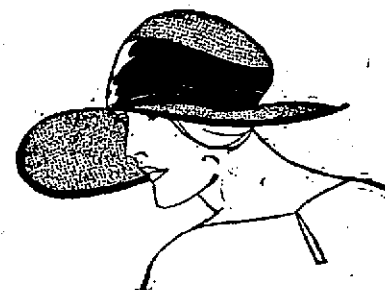

We are demonstrating the Automatic and the AUTOMATIC WATER COOLING SYSTEM at the store and invite you to call. See the refrigerator which costs no more, but does much more.

THE HOME GARDEN

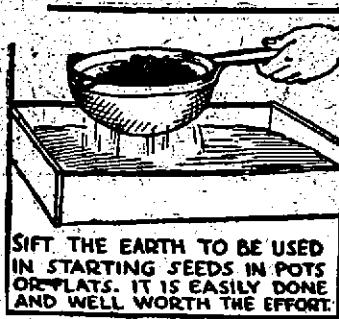

MAKING A GOOD SEED-BED

A sponge's capacity to take up water is largely dependent upon the size of the holes in it. A coarse sponge with holes as wide in diameter as the finger and many of them, will not hold as much moisture in suspension as will a sponge of the same size with fine pores and smaller orifices.

The soil acts as a sponge, holding moisture for the plants, and the finer the soil the more readily it holds moisture and the more moisture will it contain. Finely sifted and close packed, the tiny rootlet of the seedling comes in contact with its nourishment at once and starts rapid growth. If the soil is lumpy, with large interstices, a seed may send its first sprout out into space until it can reach more closely packed earth. The fine soil draws moisture from the bottom, upward by capillary attraction, and the finer it is the more readily the moisture is drawn through the surface and the soil evenly moistened. In coarse, lumpy soil the water is not drawn up regularly from below.

For this reason it is necessary to take extra care to sift the soil for seed boxes, and for the top layer of the hotbed or cold frame. In order to prevent too rapid drying out, it is necessary to pack the fine soil firmly over the seeds.

The coarse screenings from the soil are useful to spread over the

SIFT THE EARTH TO BE USED IN STARTING SEEDS IN POTS OR PLANTS. IT IS EASILY DONE AND WELL WORTH THE EFFORT.

bottom of the seed box to provide drainage. Over this the fine soil should be spread evenly and firmed down. The finer the soil and the more fertile it is the better the germination and quicker the growth of the little plants.

A great deal of seed is wasted, and many attempts at sowing seeds indoors prove failures at the very start because the soil is not properly prepared. Next to this is the failure to provide suitable drainage. The seed box must be built so that the soil will retain moisture, but will not remain water soaked and sour. Overwatering promotes a fungous disease known as "damping off" which causes the seedlings to rot off at the surface of the soil. This fungus often will ruin a box of seedlings before the grower knows what is happening. It can be obviated by providing drainage at the start.

FREIGHT TRANSFER POINT

Syracuse, March 23.—The Baltimore and Ohio Railroad company has designated Syracuse as a freight transfer point with the result that hundreds of carloads of freight sent out of Chicago will be brought here, unloaded and the consignments reloaded for their proper destinations. The employment of 20 men will be necessary to look after the work and a switch engine will be stationed at this point to move cars.

Boils Quit Quick!

cause it is built on reason. Scientific authorities admit its power! S.S.S. builds blood-power, it builds red-blood-cells. That is what makes fighting blood. Fighting blood destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve-power, thinking power, the tight-fisted power that builds a man up into success. It gives women the health, the radiant complexion and the charm that move the world! These are the reasons that have made S.S.S. today the great blood-cleanser, body-builder, success-builder, and it's why results have made tears of joy flow from the souls of thousands! Mr. V. D. Schuff, 557 15th St., Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S.S.S. I am now absolutely cured, and it was S.S.S. that did it."

Registered Hampshire Bred Sows and Open Gilts Sale at Public Auction

At the G. V. CONWAY HOMEDALE FARM

Five miles south of Glenwood, 9 miles southeast of Rushville, 10 miles southwest of Connersville, on Rush-Fayette county line.

THURSDAY, APRIL 5, 1923
SALE TO START AT 12:30 P. M.

Held under tent regardless of the weather

Twenty-two head of Brood Sows, Feb. and March, 1922, farrow; 15 head of Open Gilts; 50 head choice Feeders. About all of the bred sows will have pigs by side on day of sale and the open-gilts ready to breed for early farrow. Our blood lines are the most prominent of the breed. They were big winners of 1922, being the General Wickware, Cherokee Lad, Lookout Lad and Messenger-Boy families. We will have separate boxes lined with burlap for each litter of pigs, insuring perfect safety in moving. We still think the old Hampshire sow will show about as good a dividend as anything the farmer can invest in.

We appreciate your past business and invite you to be with us whether in the market or not.

SECURE BIG SWINE RETURNS

FEED ACME MINERAL TO CONDITION YOUR SOWS

In order to secure the greatest returns and to have a minimum of losses, constant care and attention is required from the time the pig is born until it is marketed. In fact, attention to the pig should begin before birth, and much can be accomplished through the feed and care of the pregnant sow.

Feed Acme Pig Meal to Grow Your Pigs. Feed Acme Pig Meal, equal to milk to wean your pigs successfully. It takes the place of the mother's milk, weans them with the sow at 8 weeks of age and prevents runts and setbacks so common at the weaning time and keeps them growing.

Five Million Dollars More for Taxes Than Dividends

INDUSTRY to live and be successful must earn sufficient money to compensate the three major factors who have investment interest in the enterprise.

First, the stockholder who, has invested his savings in the business; second, the employee who has invested his time and talents; third, the people who have given property protection and the right to do business.

Ten years ago the Standard Oil Company, Inc. was dissolved under an order of the United States Supreme Court, and the Standard Oil Company (Indiana) became an independent organization, controlled by a Board of Directors elected by the stockholders.

In the ten years of its existence, as an independent organization, the Standard Oil Company (Indiana) has paid in wages the sum of 335 million dollars to the employees who have invested their time and talents in the service of the Company.

To the Federal, State, County and Municipal Governments, who have furnished property and police protection, the Standard Oil Company (Indiana) has paid, in the form of taxes, approximately 79 million dollars in cash, while the stockholders whose thrift and enterprise have made the business possible have been paid cash dividends of 74 million dollars.

In a word the Company has paid, during the past ten years over 5 million dollars more in taxes than the stockholders have received as dividends.

These payments have been possible only because the management of the Standard Oil Company (Indiana) has conducted its business in a highly efficient and satisfactory manner, and has won public support through the sheer merit of the service the Company has rendered, and the superior quality of the goods it has made and sold.

In addition to these cash payments the Company has succeeded in accumulating an invested surplus which has enabled it to largely expand its activities and intensify the service it renders the public by meeting the insistent demands for petroleum products which have become indispensable to our social and economic welfare.

AMUSEMENTS

At The Mystic Today

Running down Bootleggers is no easy job, especially when they ply their traffic on the ocean and smuggle their illicit beverages to land in the dead of night. In the new Al Gilbert production, "The Bootleggers," which will be seen at the Mystic Theatre today, a young naval officer tried a new method of capture and got his man. He also got a wife for his pains.

"The Bootleggers" is one of the most thrilling photo-dramas ever shown and is a picture every one will want to see. The leading roles were enacted by a powerful cast, including Paul Panzer, famous serial star; Walter Miller, one of the screen's most popular young stars and Norma Shearer, now playing opposite Eugene O'Brien. The actors risked their lives many times and were subject to untold hardships.

The wrecking of the bootlegger ship in mid-ocean was a daring piece of work.

"The Bootleggers" is a clean picture, and can be enjoyed by the children as well as grown-ups.

At Princess Two Days

Katherine MacDonald's newest screen play to be released by Associated First National is "The Infidel," which will have its first showing in this city at the Princess Theatre today and will be seen again Saturday.

In this picture Miss MacDonald is presented as a young woman whose life has been such as to make her hate ministers and everything and everybody connected with the ministry, particularly the men and women missionaries who endeavor to carry the light to the heathen of the mysterious South Sea isles. The heroine's discovery of her years of wrong thinking, the new viewpoint as to the work of the missionaries and the development of the soul of the young girl and a heart-stirring romance, all combine to form an exceedingly unusual and interesting story that is supplemented by some scenes of geographic and photographic novelty, and at melodramatic climax that is said to be more than ordinarily full of thrills, even for the screen. "The Infidel," an original story by Charles A. Logue, was directed by James Young. Robert Ellis is Miss MacDonald's leading man.

OBITUARY

The Death Angel has again entered our midst and taken Mrs. Sara Skinner from the home of her daughter Mrs. Walter Offutt.

Sara Wilson was born in Scott Co. Ky., Sept. 16, 1839, and departed this life in Rushville Ind., March 17, 1923.

She was united in marriage to Silas Skinner in the year 1870. To this union were born three children two of whom are left, Mrs. Walter Offutt and Thos. Skinner. She is also survived by seven grandchildren and four great grandchildren, one daughter Mrs. Lucy True having preceded her to the great beyond.

Granny Skinner as she was called was of a quiet nature always thinking of the comfort of others. She was a member of the Christian Church at Porter Ky. She fell and broke her hip seven weeks before her death and was a great sufferer in all that time but ever tenderly cared for by her daughter. Though with sad hearts we laid her to rest in beautiful East Hill we trust in him who said "I am the resurrection and the life, he that believeth in me, though he were dead shall live again."

Why should we call it death This calm sweet sleep of peace When the tired head in slumber rests And all of life's sorrows cease? 'Tis but the drifting away from grief Laying all burdens down Setting aside the cross of care To wear evermore his crown Sleep on and rest At the close of earth's weary day Oh call it not death but life This beautiful passing away.

MRS. AKELY GIVEN DIVORCE

Cruelty Was Charge Made Against
Big Game Hunter, Carl E. Akely

Chicago, March 23—Mrs. Carl E. Akely was granted a divorce from her big game hunter husband by Judge Walter Steffen here Thursday on grounds of cruelty. Akely is curator of the New York Museum of Natural History.

Mrs. Akely, testifying in support of her charges, told how on two occasions she had braved the wilds of

Africa to accompany her husband on perilous expeditions. On their return she testified, her husband employed methods used in handling jungle beasts in his treatment of her.

"He tied me to a bed post, turned on the gas and attempted to kill me," she declared.

The witness also told of instances in which her husband choked and slapped her and used abusive language. Alimony was set at \$225 a month. She testified her husband makes \$6,000 a year.

Buying Sport Clothes

By HEDDA HOYT

Fashion Editor of the United Press
New York, N. Y.—March 23—Women who purchase their summer wardrobes ahead of time, find it safest to buy the sports costumes first, as these articles of apparel are less apt to suffer alteration with the constantly changing styles.

In considering the sports costume, we think at first of the separate skirt and the sweater. These are as popular this year as they have ever been and are indispensable to the summer wardrobe.

This year we find the pleated skirts far more popular than the plain two-piece ones and flannels are more popular than silks. Crepe de chenes and cotton creps are still considered among the leaders and they are invariably knife pleated.

Women who prefer plain skirts are wearing camel's hair cloth in open-wrap models in colors tan, mauve green, gray and white.

Plain white flannel and white flannel striped in colors and knife pleated and gathered into narrow belts at the waistline. Lately there has been some demand for the skirt whose waistband comes just above the hips. These are favored by the corsetless girls, who want no additional bulkiness about the normal waistline. Among the colored sports skirts are printed foulards, printed Paisley designs and printed batiks in knife pleats. Skirt lengths this year are neither long or short being from eight to ten inches from the floor or ground.

Various new models are shown in sweaters this season and the woman who "knits her own", will find beautiful ideas among the ready-mades which she can copy. The latest models are those blousing over a band at the hips. These are newer than the straight-lined models and are becoming to slender figures. Often they are ornamented with wool cross-stitching in contrasting colors about the rounded neckline, on the cuffs and in motif designs on the body portion.

Soft pastel shades such as tans, grays, yellows, and blonde are more in demand than the colorful effects of last season and colorful cross-stitching is more effective on these light tones than on the more brilliant ones. Egyptian colors such as reds, yellows, black, blues, green and gray are generally used for embroidery on sports wear this year. Often diamond-shaped monograms combine all of these colors.

V-shaped necks are used on many of the new slip-ons and they are bound in silk, to assure firmness. Sweaters with designs stenciled in colors are seen in many shops. Candy-stick stripes are featured in the youthful slip-ons, as well as the open-work stripes. Sleeves are long and tight fitting on most models.

Where embroidery is used about the neckline and on the cuffs, collar and cuff sets are not required. Eerie serim collar and cuff sets are worked in cross-stitched design in colors harmonizing with the sweater.

White sweaters embroidered in brilliant red on pockets, wristbands, neckline and monogram are new and well thought of among the Palm

Beach set. Yellow is another favored color, for the knitted jacket or sweater.

Smart women at the winter resorts are wearing the printed bandana wound tightly about the neck with the two ends passing through jeweled rings at the throat and hanging down over the corsage to the waistline, where they are tucked into the skirt band.

This treatment is usually worn with the jacket suit and blouse. Most women prefer the bandana of chiffon or georgette to those of crepe de chene as they are softer and easier to manage.

The Best Medicine For Women

When Mr. Myers of Winston-Salem, North Carolina, stepped into the drug store and asked his druggist for the best medicine he had in his store for woman's ills, is it any wonder he was handed a bottle of Lydia E. Pinkham's Vegetable Compound? Mrs. L. K. Myers in writing of it says: "I had been weak, run down and had a pain in my left side for a long time, so I could not do my work. Lydia E. Pinkham's Vegetable Compound helped me in a short time so I was able to do all of my household including washing and ironing, and now I feel fine all the time." As Lydia E. Pinkham's Vegetable Compound holds the record for benefiting 98 women out of every 100 women who take it, it will pay every suffering woman to try it.

Every spoonful of Kellogg's Bran helps free you from toxic poisons!

Constipation is largely responsible for auto-intoxication that leads to dangerous diseases unless it is not only checked but permanently relieved. Constipation, in fact, is the basis of a majority of human ailments which could be headed off if people would only help rid themselves of this serious, health-undermining condition, which can be easily done.

Constipation must be fought to a finish—not with pills and cathartics, which are dangerous to the delicate membranes of the intestines and temporary at best—but with nature's greatest cereal health food—Bran—Kellogg's Bran, which is as delicious as it is beneficial.

Kellogg's Bran is wonderful in its work because it is ALL BRAN. And, to get permanent relief, ALL BRAN

is a necessity, for it is the "bulk" of Kellogg's Bran that sweeps and purifies, ridding the system of poisons and bringing conditions to normal. Eat Kellogg's Bran regularly—at least two table-spoonfuls daily; as much with each meal in chronic cases—and we guarantee that you will get relief permanently and naturally.

Kellogg's Bran is delicious. You do not have to learn to like it. Eat it as a cereal or sprinkle on or mix with hot or cold cereals. Or, cook it with hot cereals, allowing two table-spoonfuls for each person. Kellogg's makes wonderful muffins, griddle cakes, raisin bread, macaroons, etc. Recipes on package.

Leading hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.
